HANNON MAKEUP BY Hannon Bothma

Following the huge success of my salon-exclusive hair range, I introduced a professional makeup range- HANNON Makeup.

“My intention was to create a range capable of having the staying power and coverage necessary for film and photographic work, but also suited to being applied with a lighter hand for everyday use by the girl on the street.

The range is the perfect balance of quality and sex appeal. It offers the most flattering of colours and the latest technology and ingredients, at a surprisingly attainable price.

The products are not tested on animals; they are tested on real people, like you and me! No sensitivity to any of these makeup products have ever been reported – even contact lens wearers have commented on the compatibility of this makeup range.

1 COSMETIC PENCILS

Most cosmetic pencils currently on the market and easily available, are kohl pencils. Kohl pencils are often hard, and flake as you apply them. Flakes end up in your eyes and can cause serious irritation.

The *gel cosmetic pencils* distributed by *HANNON Makeup* are soft on application and due to the gel-based formula, flake-proof and therefore free of irritation.

Lines drawn with a *gel pencil* will let your natural skin tone shine through and therefore anyone, no matter what which shade of complexion, will be able to use the HANNON gel pencils.

INGREDIENTS:

Water, Glycerin, Waxes, Fatty Acids, Fatty Alcohols, Thickening Agents, Silicones, Polymers.

May Contain:

Preservatives, Antioxidants, Sunscreens, Fillers (e.g. Talc, Silica, Alumina, Kaolin, Clay), Dyes (inorganic and organic pigments, lacquers)

SALON EXCLUSIVE PRODUCT - TESTED BY AND ON BEAUTY PROFESSIONALS

1.1 BLACK GEL EYE PENCIL

DESCRIPTION:

For a day or evening look. Lines can be softened by rubbing and thus distributing the solid line - using the rounded back of the pencil.

1.2 BROWN GEL EYE PENCIL

DESCRIPTION:

For a more natural, softer day look. Lines can be softened by rubbing and thus distributing the solid line - using the rounded back of the pencil.

1.3 WHITE GEL EYE PENCIL

DESCRIPTION:

For application on the inner eyelid. Gives a fresh and youthful look whilst making your eyes appear bigger and more open.

1.4 PURPLE GEL EYE PENCIL

DESCRIPTION:

For a more colourful look. Lines can be softened by rubbing and thus distributing the solid line - using the rounded back of the pencil.

1.5 TAUPE GEL EYEBROW PENCIL

DESCRIPTION:

An eyebrow pencil to define the eye brow shape. Can be used by most as it adapts to your unique skin tone and eye brow colour.

1.6 NATURAL GEL LIP LINER

DESCRIPTION:

Can be used on its own or in addition to with most vibrant colour lipsticks. Defines the lip shape and adds staying power to the lipstick. This super-soft lip pencil can be used as a lip liner or even as a long lasting lipstick.

1.7 NUDE GEL LIP LINER

DESCRIPTION:

Nude is flesh tone shade that can be used on its own or in addition to lighter lipstick shades. This super-soft lip pencil.

2 LIQUID LINER

2.1 SEMI PERMANENT LIQUID LINER

DESCRIPTION:

A long lasting, water proof and easy to use felt pen liquid eye liner that is developed to define eyes. Once the line has dried it is completely smudge proof as the colour “stains” the skin.

DIRECTIONS:

Apply on the top eye lid directly above the lashes in a smooth, clean and simple line. To ensure long lasting ability make sure the eye lid is completely dry and free of moisture, perspiration and eye cream. 5,5 is the ideal pH for skin that will allow even penetration of a moisturising product.

INGREDIENTS:

Aqua, Butylene Glycol, Alcohol, CI 16255, CI 42090, Peg-30 Glyceryl Stearate, Pvp, CI15985

3 MASCARA

3.1 SUPER LASH MASCARA LONG LAST

DESCRIPTION:

The Super Lash Mascara is unique to any mascara currently on the market. It is a water-proof formula that promises never to flake or smudge! When applying the *Super Lash Mascara* you can instantly see how it lengthens and thickens, while at the same time separating each individual lash. The *Super Lash Mascara* is suitable for all eye types ranging from normal to highly sensitive!

You are now able to swim, party the night away and even cry without losing your perfect lashes. Dries quickly in a “plastic-like” film that resembles the illusion of false lashes.

Because of the “liquid plastic”, this mascara can only be removed by the HANNON Makeup Cleansing Milk or by applying a warm damp cloth on your lashes that will soften the layer of mascara.

INGREDIENTS:

Aqua, Copernicia Cerifera Wax, Paraffinum Liquidum, Propylene Glycol, Cetyl Alcohol, Glyceryl Monostearate, Magnesium Stearate, Isopropyl Myristate, Methylparaben, Propylparaben, CI 77499.

4 LIP GLOSSES

DESCRIPTION:

Lip augmentation is all the rage nowadays with make-over television programs proclaiming fuller lips to be the answer to a sexier mouth.

The HANNON PLUMPING COLOUR LIP GLOSS, available in a very fashionable shade – Candy Sugar, is the answer to those who prefer to stay clear of the surgeon's needles or those who want to further plump their lips already enhanced with surgical fillers. Once it starts tingling, it starts working.

This mixture between silicone and wax, derived from the Brazilian Fan Plant, is not only moisturizing but also calms sore and cracked lips with a cooling sensation. Now women of all ages can have the latest pout and relax about smudging and bleeding of product into the fine lines around her mouth. This unique anti-ageing lip gloss leaves your lips with a high gloss finish and colour pay-off similar to any long wearing lipstick.

FEATURES & BENEFITS:

- Moisturising and calming
- Lip plumping
- Cooling effect
- Does not bleed in fine lines
- Long lasting
