UNPACKING INSTRUCTIONS

![Image 1]

**WARNING**

- Stabilize the shipping box at floor level in a clean flat area before attempting to unpack the trimmer/mower.
- For your safety we recommend you have two people for the following procedures.

**Tools Needed:**
- Utility Knife
- Wire Cutters

1. Position the Shipping Box at floor level in a clean flat area with the text on the side of the Box right side up (*Figure 1*).
2. With a Utility Knife, cut the Tape that secures the Box Flaps at both ends and along the center.

**Parts Supplied in Box (**Figure 2**):**
- DR TRIMMER/MOWER
- Product Package (plastic bag with owner’s manual, engine manual and other product information)
- Trimmer Cord Pack

Compare the contents of the Shipping Box with the “Parts Supplied” list above. If you have any questions please contact us at www.DRpower.com or call 1-800-DR-OWNER (376-9637) for assistance.

3. Remove the Product Package with Trimmer Cords from the Shipping Box.
4. Lift the Wheel Stabilizer Cardboard Insert from the rear of the Trimmer (*Figure 2*).

**NOTE:** You will need two people to lift the Trimmer from the Box. Do not lift on the Upper Handlebar. Lift from the Lower Handlebar and bottom of the machine.

5. With help from another person, lift the Trimmer from the Shipping Box (*Figure 3*).
6. Cut the Cable Zip Ties holding the Bail Bar to the Handlebar.
7. Ensure that the Hardware attaching the lower Handlebar to the Frame is tight.

Refer to Chapter 2 “Setting up your DR® TRIMMER/MOWER” of your DR® TRIMMER/MOWER Safety & Operating Instructions manual to continue with the setup of your machine. The manual also includes important first time start-up procedures. It is located in the Product Package that came with your machine. Do not discard your Trimmer packaging materials. Store the shipping box and all inserts in a dry, safe area for future use. If there are any questions contact us at www.DRpower.com or call 1-800-DR-OWNER (376-9637).

If for any reason you need to ship the machine back to us, use the original packaging and follow the reverse order of the previous unpacking instructions.
