To whom it might concern**Conformity for products and articles intended to come into contact with food.**

Date: 30/11/2018

This is to confirm that the following product is in accordance to all articles in the regulation 1935/2004/EC. And regulation appropriate, such as 2002/72 and 10/2011 within the period of transition stated in article 22. Article 3 states that materials and articles, including active and intelligent materials and articles, shall be manufactured in compliance with good manufacturing practice. We deliver products in accordance to GMP Regulation 2023/2006.

The principle underlying this Regulation is that any material or article intended to come into indirectly contact with food must be sufficiently inert to preclude substances from being transferred to food in quantities large enough to endanger human health or to bring about an unacceptable change in the composition of the food or a deterioration in its organoleptic properties

The product also meets the FDA requirements of Food §27, article 21 cfr. 178.3570 and registered under the NSF registration number 158358 as H1 approved lubricant.

Product:

CeramicSpeed SLT, NSF Category H1, NSF Registration number 158358**Anders Thormann**
