TO TRADE-IN ANOTHER MANUFACTURER'S FLEXO ANALYZER UNIT the unit must be sent to Beta, freight prepaid for the \$1,000 credit to be applied.

Terms: Betaflex Trade-In program:

All returned parts for Trade In from earlier Betaflexes or return of other Flexo Analyzers have no cash value. A \$1,000 credit for Trade-in will be applied to the invoice amount of new your BetaFlex PRO.

TO TRADE-IN AN OLDER BETAFLEX Simply Send Us The Following Parts

- Betaflex (Vipflex) Camera Assembly, see instructions below.
- OR ship the entire unit to us, freight prepaid.

To remove the camera assembly from your retired Betaflex (Vipflex) remove the two Phillips head screws near the front of the measuring arm. They are visible on Betaflex 335 (Vipflex 2) and under the rectangular label on older devices. Remove the one screw near the back of the arm. Lift the rear part of the cover off the arm. There may be a spring clip holding it in place, just lift firmly. Cut the thin cable with four wires going to the camera assembly. Lift the camera assembly straight up out of the arm. There are two spring clips that will easily move out of the way.

Send the camera w/ your contact information and the serial number of the retired Betaflex to Beta Industries at the address below.

Only one credit / Trade-In may be applied to the purchase of one BetaFlex PRO.

SHIP TO: Beta Industries, 707 Commercial Ave., Carlstadt, NJ 07072,

Attn: Service Department /Trade-In, Tel: 201-939-2400 / 800-272-7336
