HEAVY DUTY BRAKE JOBS MADE EASY!

The Brake Beaver DL-1000 was designed specifically for resurfacing heavy duty brake drums for trucks, trailers, buses and other heavy-duty applications with drum brakes.

BENEFITS

- No waiting on parts
- Get full life out of brake drums
- Increases safety and stopping distance
- Helps shoes and drums last longer because of full seating

 The Green Option - Don't replace, renew! Get longer life from your brake drums
