

Intro to Counting Question Prompts:

- 
- Can you put a block on each object?
 - (estimation) What could we do to check if we're close?
 - (counting) How can we check our answer?
 - How can we keep track of what we've done?
 - Can you count it in a different way?
 - Can you act out the problem?
 - Can you draw a picture?
 - What if we lined up the blocks? Would that help?
 - Have you checked with a partner?
