Vintage

SUPER-SOFT CUSTOM TRANSFER

Rose Vintage is a super-soft, lightweight print for use primarily on cotton, poly/cotton, and triblend materials. Rose Vintage is designed to be less opaque when compared to our other transfers. We want the print to “show through” a little bit and look worn or distressed. Rose Vintage will adhere to 100% polyester when dye migration is not a concern.

DETAILS

- Low temperature application
- Lightest weight transfer we offer
- Medium opacity on dark fabrics
- Stretchy for use on cotton and polyester stretch blends
- Super-soft hand feel
- Hot peel application
- Available in standard and custom colors

FOR USE ON

100% cotton, polyester/cotton blends, 100% polyester*, and stretch fabrics. Not for use on nylon or waterproof items.
* *Not intended to block dye migration.*

glitter

ADD BLING TO YOUR CUSTOM HEAT TRANSFER

Rose Glitter is a sparkly, flashy product designed for cheer, dance teams, bands, and more. Unlike our competition, our glitter product is soft, stretchy, and durable. We offer a variety of colors including Crystallina, which is a translucent glitter for printing over top of colors to give a design a little more bling. As with all of our products, our glitter can be applied with a low temperature.

DETAILS

- Low temperature application
- Exciting "bling" finish
- Medium to high opacity on dark fabrics
- Stretchy for use on cotton and polyester
- Soft hand feel
- Hot peel application
- Available in numerous colors and Crystallina

FOR USE ON

100% cotton, polyester/cotton blends, 100% polyester*, and stretch fabrics. Not for use on nylon or waterproof items.

PUFF

CREATE A THREE-DIMENSIONAL DECORATION

Rose Puff is a three dimensional print which "puffs" up after you press and peel the transfer. This can be used to puff up an entire design or just portions of the design to create impressive effects. Unlike the competition, our puff transfers are applied at a low temperature. This protects delicate fabrics from heat-related damage.

DETAILS

- Low temperature application
- Unlimited fun effects for any logo or art
- High opacity for dark fabrics
- Stretchy for use on cotton and polyester
- Ultra durable
- Hot peel application
- Available in standard and custom colors

FOR USE ON

100% cotton, polyester/cotton blends, 100% polyester*, and stretch fabrics. Not for use on nylon or waterproof items.

REFLECTIVE

REFLECTIVE INK FOR FASHION DESIGNS

Rose Reflective is a soft, inexpensive reflective transfer for use on most fabrics. We call it a "fashion reflective" as it is not certified for safety use. Luckily, many of the safety items you may decorate with Rose Reflective already have a reflective tape on them, so they are already certified.

DETAILS

- Low temperature application
- Metallic silver color really pops on black or navy fabric.
- High opacity for dark fabrics
- Stretchy for use on cotton and polyester
- Ultra durable
- Hot peel application
- Can be combined with standard and custom colors

FOR USE ON

100% cotton, polyester/cotton blends, 100% polyester*, and stretch fabrics. Not for use on nylon or waterproof items.
 * *Not designed to block dye migration, but will adhere well*

AVAILABLE SIZES

12.75" x 19" 12.75" x 9" 6" x 4"

You may order gang sheets or single logo/design and we will cut, bag, and label the order.

APPLICATION INSTRUCTIONS

Set the press to 300°F. Prepress for 2 seconds. Place transfer and press for 8 to 12 seconds, medium pressure (30 psi). Peel hot (immediately).
