

EQUIPCON

CR Aerosol

#CR

- Used for removing white contrast paint
- No Residue: Better penetrant action
- Fast Action: Lower process time
- Lower Odor: User friendly

ZChek-CR aerosol is a high performance solvent based cleaner used both for pre-cleaning and excess penetrant removal in the liquid penetrant inspection process. Specially formulated to have negligible residues on the part surface with perfect cleaning efficiency. **Sold as a pack of 12/17.5 oz cans.**

Directions for use: Spray directly on the surface for pre-cleaning. For penetrant removal, apply indirectly using a cloth.

It is manufactured as per ASTM, ISO, AMS, ASME standards.
