

EHC-09A Corrosion Thickness Gauges

The **EHC-09A Corrosion Thickness Gauges** come in a rugged, custom-molded IP54-rated case with a raised rubber keypad, proving their durability for tough jobs. The series offers six models to fit various budgets and applications.

Notably, they provide a simple upgrade path, allowing for easy addition of software options directly from the keypad. Features include a graphic display with multiple languages, vibrating alarms, fast minimum measurements, echo-to-echo for coating exclusion, a 100K reading datalogger with Excel export, B-scan functionality, and live A-scan with waveform adjustment.

Models Available: EHC-09A, EHC-09B, EHC-09, EHC-09DL, EHC-09W, EHC-09DL

Size: 5" x 3" x 1.25" (127mm x 76.2mm x 31.75mm)
