

EQUIPCON

PT Aerosol

#PT

- Brilliant Color Contrast Red: Excellent visibility
- Perfect Capillary Action: Excellent penetration
- High Wetting Ability: Excellent coverage
- Non-Halogenated: Safe on all metals

ZChek-PT aerosol is a high performance solvent removable penetrant. Specially formulated for detecting discontinuities in welding, casting, forgings, and many other engineering applications. **Sold as a pack of 12/17.5 oz cans.**

Directions for use: Pre-Clean the surface. Apply directly on surface being checked. Allow enough dwell time for penetration.

It is manufactured as per ASTM, ISO, AMS, ASME standards.
