The Phoenix Blacklight Series UVA Lamp has two important features that can be bought together or separately (Lamp & Eye).

The lamp is a high-quality pure UVA inspection lamp that can be supplied with an integrated mini-Android tablet, allowing self-contained storage of photographs and videos of inspections, bleed-back tests, etc. through an integrated 13-megapixel camera.

The eye allows for highly accurate measurement of indications that are linear and provides circular and rectangular area measurements as well. The eye includes a self-generating Tam Panel report.

Manufactured as per ASTM & ISO & RRES & NADCAP & AITM standards.
