The Sirius Blacklight Series Handheld LED UV Lamp is a great tool for fluorescent MT, PT and leak detection. Made of aviation grade aluminum alloy, this blacklight will endure the harshest working conditions. This blacklight highlights its rugged design, excellent cooling ability, waterproof and dust proof performance.

Offered in 2 models: Sirius 45 & Sirius 60. Both models consist of 4 UV LED's and a white LED, which can be used with UVA irradiance for verification indications.

Manufactured as per ASTM & ISO & RRES & NADCAP & AITM standards.
