

Torch365/SS Series LED UV Torch #601001

- UV Intensity
 - Spot Light: > 20000 w/cm² at 15'
 - Flood Light: > 4000 w/cm² at 15'
- Wavelength: 365-370 nm
- Includes:
 - Blacklight Filter
 - 2 Batteries + Battery Charger
 - Plastic Carry Case
 - UV Protective Glasses
- Fluorescent MT, PT, and Leak Detection

The Torch365/SS Series LED UV Torch includes interchangeable spot and flood reflectors, effectively making it two lamps in one. Along with the lowest price in the industry, you will get the capabilities of a spot beam profile and a flood beam profile in one kit.

The torch can be connected to the Torch Light Spray Can Holder (#TCH-SCH), which is sold separately. This product is compatible with standard aerosols.

Manufactured as per ISO & ASTM standards.
