#TCH-SCH

- Compatibility
  - Torch 365/SS Series
- Convenient
- Lightweight
- Easy to use
- All Attachments
  - Torch 365/SS
  - Particle Spray Can

The Torch Light Spray Can Holder is designed to free up the inspector's hands to more efficiently perform magnetic particle inspection with our AC Yoke. Every inspector who has faced the trouble of having just two hands will appreciate this holder to allow yoke magnetizing, particle spray application, and inspection all together with just two hands!

This product is compatible with the Torch365/SS Series LED UV Torch. The UV Torch hooks up to the top of this spray can holder as you perform inspections.

Manufactured as per ASTM standards.
