

pasta cooker

cold water to cooked pasta in minutes!

Cooks all kinds of pasta.

spaghetti & fettuccini

penne & fusilli

macaroni

tortellini & ravioli

Follow these simple steps for al dente pasta in minutes

For long pasta, use measure to determine serves and add to cooker. For short pasta add 1 cup of pasta per serve.

Clip measure into pasta cooker and add cold water up to indicated line according to serves, ensuring the pasta is covered. Remove measure.

Microwave on high for12 minutes without the lid. Remove from microwave.

Place lid on and drain water.

Cooking guidelines and recipes are based on a 1000W microwave. It is recommended that you monitor and check the water level during cooking and top up as required.

Refer to suggested cooking times on packet for variations in serves or pasta types.

Care guidelines for Microsafe[™] Pasta Cooker

Before use, remove the labels and wash by hand or in the dishwasher. Do not use abrasive materials when hand washing.
