

Cork Swivel Bar Stool

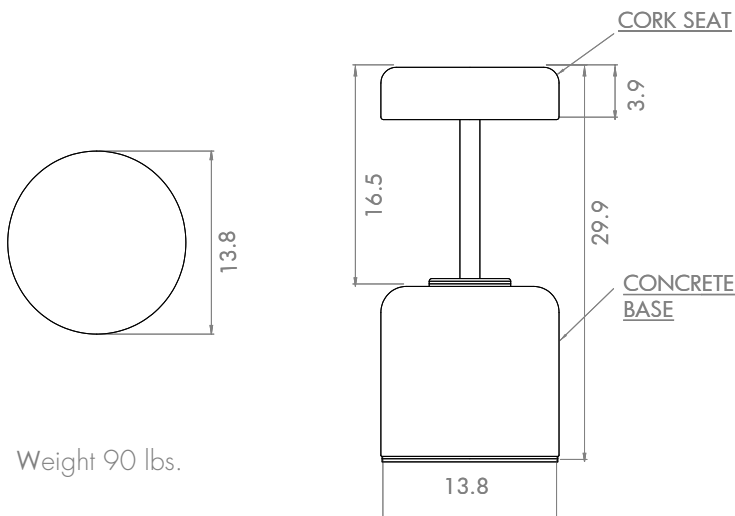

WIID FURNTIURE COLLECTION

These beautifully crafted cork and concrete bar stools are durable enough to handle being outdoors for long periods of time and visually stunning enough to fit in any indoor living or entertaining environment. Wiid Design's cork bar stools are manufactured from a concrete base, natural dark or light cork seat and powder coated mild steel. Built in ball bearings allows each bar stool to swivel. Please note that these bar stools are designed for bar heights of approximately 40" (with the seat height being just shy of 30").
