

Cork Triangle Seating

Wiid Cork and Timber Furniture Collection

Completely unique in design, these cork triangle seats are a stunning piece for any space and quite a conversation starter. Manufactured in Cape Town from organic and completely recyclable dark or light cork. The dark cork is manufactured from recycled cork particles and is produced industrially without the use of additives and requires low energy consumption. Whereby the light cork is 98.5% natural with a small amount of adhesive to bind the granules, making it durable and user friendly.
