

# Barrel Floor + Table Lamps

KLAYLIFE LIGHTING COLLECTION

The Barrel Floor + Table Lamps, designed in collaboration with Melbourne based interiors stylist Jacqui Moore of Moore Concepts have been specially created for those who don't have an enormous space but still want statement lighting that packs a punch. Each clay bead is hand rolled, kiln fired, then dip dyed before being individually strung onto a wrought iron frame and available in a range of colors, including our signature ombre. Handmade in Africa by a beautiful community in Kwazulu Natal.

## product materials and specifications

- UL listed for US outlets
- Customizable colors
- For indoor usage
- Hand rolled mud clay beads
