Bolero

Performance in a new look

Hardly any other high-absorbing ceiling tile „hides“ its performance behind so much optical finesse. OWAcoustic® premium Bolero combines a smooth and finely structured surface with outstanding sound absorption up to 0.85.

Living, working, well-being

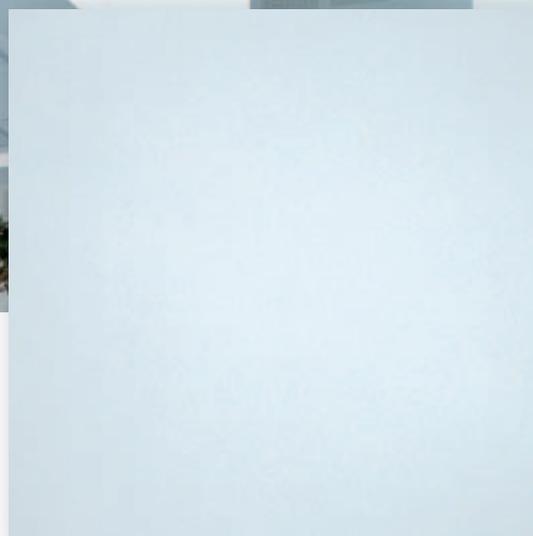

Modern feel-good offices, learning-friendly classrooms, meeting places – with OWAcoustic® premium Bolero you can design the ceiling system according to the needs. The tiles are not only suitable for acoustically sensitive areas in office buildings and educational facilities, but also for corridors, lobbies and entrance halls.

Sinfonia

Simply convincing

OWAcoustic® premium Sinfonia is a high-absorbing ceiling tile with a simple, smooth, fleece-covered surface, offering the outstanding sound absorption of 0.85.

All-round applicability

OWAcoustic® premium Sinfonia was developed in order to work in a wide-ranging operational field. The tiles are suitable for acoustically sensitive areas. Offices, conference rooms, auditoria and lecture halls, just as for operational areas, in which it depends on good design and strict fire protection, e. g. corridors, entrance areas and foyers within public and commercial sectors.

Sinfonia A

The new acoustic benchmark

Its smooth surface convinces the design-conscious. Its absorbency impresses designers with the highest expectations in terms of spatial acoustics. OWAcoustic® premium Sinfonia A is an A-grade absorber (**0.90 absorption**), created for a new class of functional rooms, with simple and elegant looks and perfect voice intelligibility.

Areas of use

Changing rooms in sports facilities, shower rooms or saunas, swimming pools, laboratories or large kitchens– all areas with higher humidity levels. OWAcoustic® premium AquaCosmos® ceiling tiles have been proven in the European market for many years.

Their special formulation makes them resistant to extreme moisture conditions and simultaneously fulfil the highest requirements of ceiling design.
