# WALL INSTALLATION | ARCH

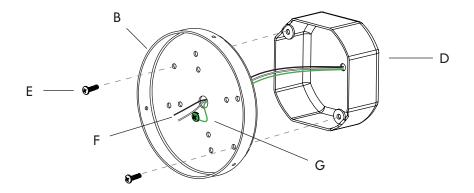

Note: Please contact a licensed electrician.

1. Start with unscrewing the three screws (A) to release the crossbar (B) from the back-plate (C).

- 2. Mount the crossbar (B) onto J-box (D), and secure it with two screws (E).

  Be sure to feed the lead and ground (F) wire through the center hole in the crossbar.
- 3. Connect the ground wire to the crossbar using the grounding screw (G).
