# Playing Instructions

## Scoring:

1. Balls that are hit in the air, and hit the board but do not go in a hole are worth +1 point
2. Balls that are hit in the air, and fall into the bottom hole are worth +3 points
3. Balls that are hit in the air, and fall into either of the two top holes are worth +5 points
4. If a ball is hit in the air and then bounces off of the opposite Chip Mat, whatever points are gained on the rest of that hit are doubled.

## Versus Play (4 Player Game):

In Versus play, 2 teams of 2 play each other. Set up the boards opposite each other in a wide open area, 20 feet apart (distance can be adjusted based on ability of the players) Teammates stand at opposite ends and each team picks four balls of the same color.

Place the Chip Mat directly in front of the boards on each side. To start, opponents from one side will alternate chipping their balls toward the opposite board with points being scored per the above guidelines. After all 8 balls have been chipped, add up the points for each player. Each team's points cancel each other out, so only one team scores per round. For example, if team A gets 8 points and team B gets 5 points in a round, team A scores 3 points and gets first in the next round. The first team to 21 points wins.

## Match Play (4 Player Game):

Same setup and scoring as Versus Play, however each turn between opponents is the equivalent of playing a golf hole. The team scoring the most points on each turn wins the hole. Ties can be pressed into the next hole (next hole after a tie would be worth 2 points and so on). Teams can play 9 or 18 matches to determine the winner.
