Dualit

Over recent months we have been enjoying taking part in a number of events; training days with some of our retail partners, product showcases both in the UK and overseas, press events, instore product demonstrations. We love meeting our customers, hearing their feedback and of course, it is always appreciated when we hear how our products have been part of the family over the years. It has been a welcome return to public events after several years, made even more enjoyable as we have so many exciting product launches to talk about.

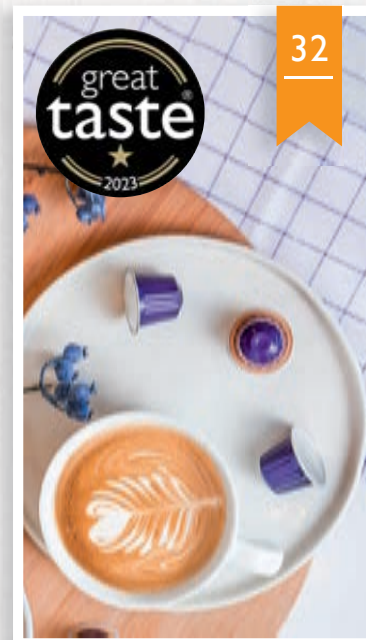

Take a look through our brochure to see the new additions that the team here in West Sussex have been working on. A much-anticipated **Air Fryer**, along with a new **Pod Machine** and **Handheld Milk Frother** (it really does make the most impressive flat whites and hot chocolates!) are ones to look out for.

As always, reducing environmental impact is very important to Dualit, evident in the relaunch of our **compostable coffee pods** that are now 100% home compostable. We have spent several years working to achieve this, an especially satisfying launch.

Finally, we can't fail to mention our recent "Great Taste" award wins for several of our coffee pods and coffee bags. All made within our own roastery, it is just reward for the time spent ensuring our coffee really does taste great!

THE HISTORY OF Dualit®

Max Gort-Barten

THE FOUNDER OF DUALIT

Max Gort-Barten was born in Germany in 1914 but living in England when WWII broke out. After five years in the army, he bought a factory in Camberwell, London so he could manufacture his first invention of a cocktail shaker.

1940s INVENTION IS IN THE GENES

Next, Max designed a dual-light electric fire, inspiring the Dualit name. His first successful product was a flip-sided toaster patented in 1946.

1950s A CLASSIC IS BORN

Max designed a new commercial six slice toaster and the Gort-Barten family as well as local residents in Camberwell helped with production. Known today as the Classic Toaster, the current model has kept much of the original style and features.

Old Kent Road - London

1960s COMMERCIAL SUPERSTAR

Max bought a new factory on the Old Kent Road in south London as Dualit continued to grow. He designed a waffle iron as well as a bun toaster. A slot selector was developed for the Classic Toaster – a vital design element that remains a key feature.

ProHeat Element

1990s

INNOVATION AND AWARDS

Leslie and Max designed the ProHeat element. Covered in a high performance, protective material the element increased efficiency, lasted longer and won a prestigious Millennium Award. ProHeat elements are still used in Classic Toasters today.

Our first coffee machine

1980s

EXPLOSION IN DEMAND

Overseas demand for the Classic Toaster soared and together with its rising popularity in domestic kitchens, the factory was extended to cope with increasing order volumes. Dualit diversified its product range by designing its first coffee machines. In 1989, the Gort-Barten family celebrated as Max was awarded the MBE.

1970s

FROM CHEFS TO CONSUMERS

Max stepped down as Managing Director but Dualit remained in the Gort-Barten family as his son, Leslie joined. The Classic Toaster was given a new look, becoming popular in home kitchens and stocked in retail outlets such as John Lewis.

2000s

NEW PREMISES, NEW PRODUCTS

Dualit moved to larger premises in West Sussex and Max's grandson, Alex joined Dualit. Dualit launched a new toaster range for the first time since the Classic; the Lite Toaster had some similar characteristics but different features.

2010s

CHAMPIONING CHOICE

Dualit invested in a production facility to manufacture Nespresso® compatible* coffee capsules, launched its own range and offered private label services. Leslie and Alex designed revolutionary tea capsules and compostable capsules.

2020s

LOOKING FORWARD...

Dualit will continue its efforts to make products more sustainable and to reduce waste. Leslie and Alex are leading Dualit into the new decade with exciting new appliances and coffee innovations on the horizon.

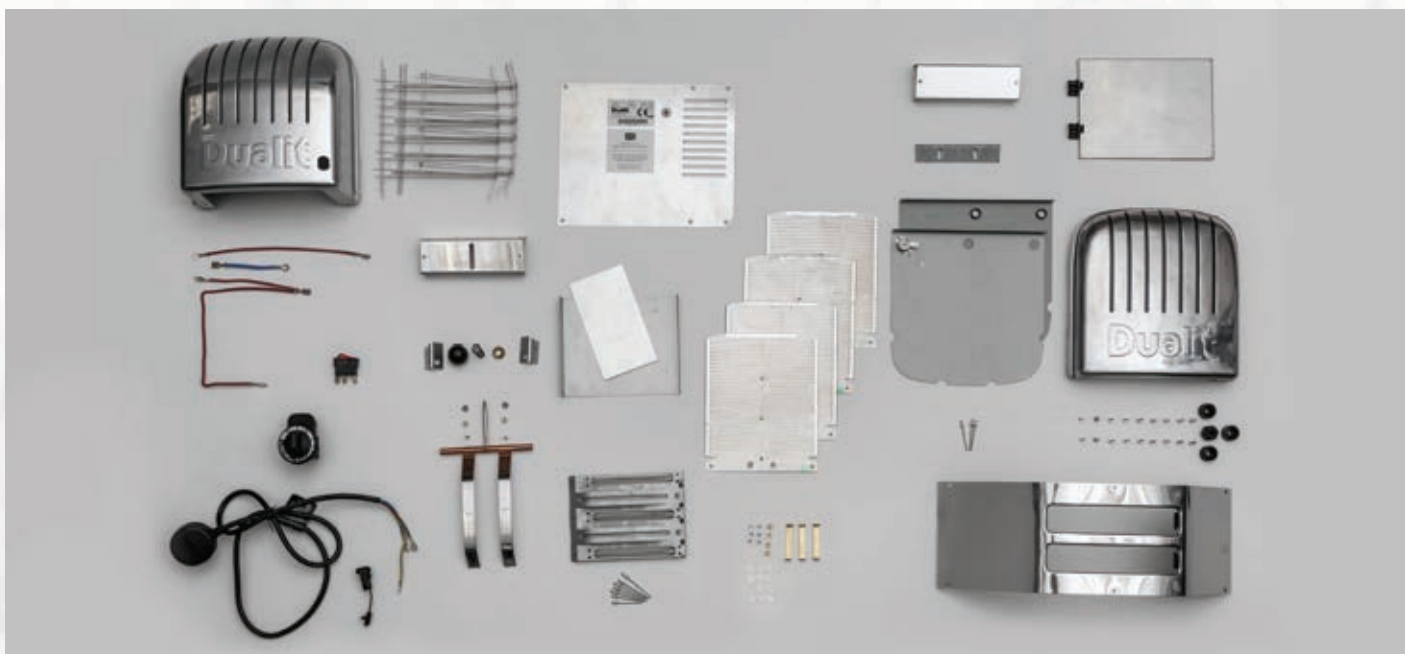

BRITISH DESIGN & ENGINEERING

SMALL DETAILS MAKE A BIG DIFFERENCE

We're proud of our in-house research and development team and extensive engineering expertise. We want to offer our customers something they can't find anywhere else and we spend years refining the details to make your kitchen a happier place to cook. We believe in our designs and have an increasing list of patents to show that our products are truly unrivalled.

PATENTED FEATURES

Constant product innovation is not only the key to Dualit's success but it's what inspires us. A patent protects an invention, preventing anyone else from reproducing, using or selling what we have worked hard to achieve, keeping it unique.

SUSTAINABLE MANUFACTURING

Dualit products are designed to work well for a long time and each undergoes rigorous 'life testing' programmes as part of the design process. Replacement attachments and accessories are available for many Dualit products and our repairable products include the Classic Toaster, Classic Kettle and some Coffee Machines. If products are returned to us that have reached the end of their life cycles, the design allows us to disassemble them so components such as the steel, aluminium and power cords can be recycled. We are continually looking at ways in which we can reduce our waste and this ethos extends to our coffee products. Our Compostable Coffee Capsule range is among our most popular and our EcoPress™ Aluminium Capsule Recycler was designed with the sole purpose of making it easier for customers to recycle not only Dualit, but any aluminium coffee capsule.

*Suitable for Nespresso® drop through capsule machines, excluding professional machines and 'built-in' models. Nespresso® trademark is owned by Société des Produits Nestlé S.A.

TOASTER & KETTLE COLLECTION

Browse Dualit's five kettle and toaster collections to find something to suit you and your kitchen. From our flagship Classic collection, to our affordable and innovative Studio range, enjoy both functionality and style with Dualit.

Classic

COLLECTION

Dualit's iconic Classic range will add a touch of class to your kitchen.

Both the toaster and kettle are repairable.

TOASTERS

MADE IN THE UK

“ The Classic Toaster has become one of Britain’s most recognisable kitchen essentials because through its development we make sure it delivers on the three most important factors for customers; style, technology and practicality. ”

Leslie Gort-Barten (Managing Director)

Classic

TOASTERS

Hand built in the UK since the 1950s, the Classic Toaster has earned its place as a kitchen essential. Featuring a host of useful attributes, repairable parts and the unique **PROHEAT** element.

See p09 for Dualit's Toast Rack

BENEFITS OF THE **PROHEAT** ELEMENT

PROTECTIVE COVERING

- The durable protective film keeps the filaments clean and makes our **PROHEAT** elements virtually unbreakable.

EVEN TOASTING

- No element has as many 'winds per square cm' as Dualit's **PROHEAT** element – this makes for the most evenly toasted bread.

REPLACEABLE ELEMENTS

- **PROHEAT** elements are replaceable to ensure minimal disruption to service.

OTHER KEY FEATURES

CONTROL

- Energy-efficient slot selector control allows you to only toast what you need.
- Mechanical timer allows you to control your browning preferences.
- Defrost setting gently warms frozen bread ready for toasting.

MANUAL EJECTOR

- Manually operated ejector lever lets you check bread whilst toasting without interrupting the cycle.
- Keep bread warm in the toaster until you are ready for breakfast.

SUSTAINABLE

- Strong, durable parts that are repairable or replaceable for longevity and reliability.

VERSATILE

- Optional sandwich cages to make toasted sandwiches.
- Optional warming rack to heat a variety of bread including buns, croissants and pitta.

ACCESSORIES

CLASSIC SANDWICH CAGE

The Sandwich Cage is perfect for toasted sandwiches as well as lifting and toasting small items such as crumpets, teacakes, brioche and muffins.*

*For Classic toasters made after the year 2000 only.

WARMING RACK

The Warming Rack sits on top of the Classic Toaster and will gently heat a variety of bread products including croissants, pitta, scones and buns.

MASTER YOUR TOASTING SKILLS WITH OUR

SANDWICH CAGE

THE 'LEFTOVERS' TOASTIE

Makes 1 toastie

- 2 slices sourdough bread
 - Leftover stuffing
 - Leftover roast turkey
 - Leftover pigs in blankets, sliced lengthways
 - Leftover roast potatoes, sliced
 - Leftover gravy
 - 3-4 slices emmental cheese
 - Rocket leaves
 - ½ red onion, finely sliced
 - 2 tbsp mayonnaise
 - 1 tbsp wholegrain mustard
1. In a small ramekin, mix together the mayonnaise and wholegrain mustard. Evenly spread the mustard mayo on each slice of bread.
 2. On one side of the bread, layer the roast turkey, stuffing, sliced potatoes and pigs in blankets.
 3. On the other side, layer the Emmental cheese, sliced onions and rocket.
 4. Season with salt and pepper, cut in half and carefully place in the Dualit Toaster Cage.
 5. Place in Dualit Toaster and toast till golden brown. While toastie is cooking, heat the gravy till piping hot.
 6. Serve the toastie with a dipping bowl of gravy and enjoy!

Classic

KETTLE

The multi-patented Classic Kettle features a ground-breaking replaceable element that lengthens the lifespan considerably, whilst the Whisper Boil™ drastically reduces unwanted boiling noise.

KETTLE

1.5L Kettle

PATENTED SURE POUR

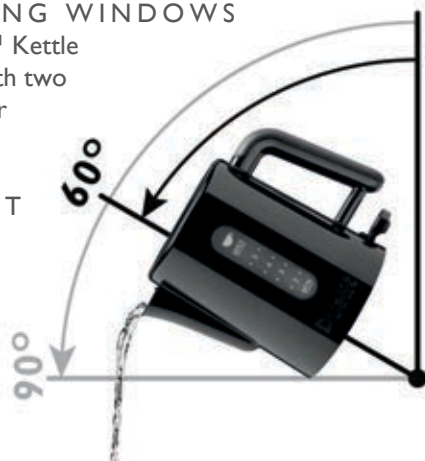

This revolutionary feature combines an easy-grip handle, precision engineered non-drip spout and lightweight polymer construction with low pouring angle ideal for anyone looking for a kettle that is easy to handle.

DUAL MEASURING WINDOWS

The Studio by Dualit™ Kettle is cleverly designed with two measuring windows for easy viewing.

NEUTRAL WRIST ACTION

A reduced pouring angle of just 60° compared to a market maximum of 92°.

See p59 for Dualit Café Coffee Cups

Pour Over

KETTLE

Dualit's electric Pour Over Kettle is ideal for using with drip through coffee makers or for when you need a precise brewing temperature.

Its precision, gooseneck spout allows for a more even flow of water, resulting in consistent and slow extraction of coffee. This means a greater flavour and aroma is extracted from the coffee grounds, making an exceptional filter coffee every time.

The Pour Over Kettle can also be muted so no key tones or feedback sounds will be heard, ideal for your early morning brew!

GOOSENECK SPOUT

The thin, gooseneck spout controls the flow of water for a slow and accurate pour, ensuring maximum flavour and aroma extraction every time.

CONTROL

The temperature can be changed by just one degree at a time, up to 100°C/212°F, and the temperature Hold feature allows you to hold the temperature for as long as 5 minutes for complete control and convenience.

VERSATILITY

Tea leaves have a delicate flavour, meaning correct brew temperature is vital. With temperature control, the Pour Over Kettle is perfect not only for coffee, but also for brewing tea.

COMPOSTABLE⁺

COFFEE BAGS

If you love the taste of cafetière or filter coffee but not the time it takes to make, try Dualit's Coffee Bags. Holding an individual, 7.5g serving of pure ground coffee and brewed in as little as three minutes, all you need to make a barista style coffee is your kettle and favourite mug.

DECAF

STRENGTH: 4

MEDIUM ROAST

A sweet, fruity twist with inviting hints of cinnamon and a refreshing touch of zesty clove to finish.

AMERICANO

STRENGTH: 4

MEDIUM ROAST

Notes of rich cereal, treacle and a dried fruit finish.

SUMATRA MANDHELING

STRENGTH: 5

DARK ROAST

Notes of milk chocolate and tropical fruits with a malty sweet finish.

INTENSE BLEND

STRENGTH: 6

DARK ROAST

Notes of roasted nuts and molasses with an indulgent dark chocolate finish.

INDIAN MONSOON

STRENGTH: 6

DARK ROAST

Notes of fresh toast and indulgent dark cocoa with a subtle spicy finish.

VISIT [DUALIT.COM](https://dualit.com) FOR OUR VARIETY PACKS

+Our Compostable Coffee Bags are industrially compostable; pop the used Coffee Bag into your food waste bin and let your authorised council collection scheme do the rest. The sachets are suitable for recycling in plastic waste stream at your local supermarket.

ESE

COFFEE PODS

FOR DUALIT & ALL ESE
COMPATIBLE MACHINES

Each ESE Pod is perfectly dosed and tamped with 7g of freshly roasted ground coffee, carefully enclosed in filter paper. Mess free and easy to use, enjoy the smooth taste and rich aroma of an unmistakable espresso.

MADE IN THE UK

DECAF BLEND

Our signature Decaf is a light bodied coffee with a very mild acidity, delivering subtle chocolate notes, a sweet, nutty finish and a refreshing piquant taste.

STRENGTH: 6

LIGHT ROAST

LUNGO AMERICANO

Our Lungo is grown in rich, volcanic soil, with cedar notes, sweet tropical fruit aromas and a rich, indulgent finish.

STRENGTH: 7

MEDIUM ROAST

COLOMBIAN

A single origin coffee, infused with notes of sweet tangerine, raw sugar and roasted walnuts. It's smooth and light with a refreshingly mellow, clean character and a citrusy aroma.

STRENGTH: 8

MEDIUM ROAST

INTENSE ESPRESSO

A dark roasted blend of high grown coffees that is rich and dramatic, offering notes of sweet fruits and roasted nuts, with a chocolatey finish.

STRENGTH: 9

DARK ROAST

Coffee

NEW!

BEANS

Dualit's Coffee Beans are available in indulgent single origin or decaf flavours. Made with expertly roasted coffee beans, the coffee is available to buy in 250g pouches or a great-valued 1kg pack.

Ignite your dreams

OF BECOMING A BARISTA

Turn them into reality with our selection of coffee machines and accessories from the Dualit Café range. From espressos to lattes or even just a leisurely brew, find all the necessary tools to perfect your craft right here with Dualit.

Browse our products to find the right one for you.

Bean to Go

COFFEE MACHINE

Create your coffee shop favourites at home at the touch of a button with Dualit's Bean to Go Machine.

Just before extraction, the beans are ground to your chosen preference then mixed with just the right amount of water to release the full aroma, guaranteeing a fresh, authentic taste.

PERFECTLY TEXTURISED MILK

Fall in love with the simple and easy to use Steam Wand. Create an array of frothy drinks, from a cappuccino to a latte.

FAST AND EFFICIENT

With a 40 second start-up time, 'Speed' mode and the dedicated 'one touch' button allows you to create quick, authentic Italian coffee in no time.

EASY TO CLEAN

Removable drip trays, grind container and infuser makes cleaning easy. An auto-flush and descale function will help keep your machine working at its best.

NEW!

Pod

COFFEE MACHINE

The Pod Machine by Dualit offers the ultimate shortcut to great tasting coffee. No fuff, no mess, just good coffee, fast. Ready to use in just 40 seconds, the Pod Machine's smart, compact design makes it a good choice for smaller kitchens and those that prefer less clutter.

It's light enough to be easily portable - whether you want to move it to a different spot or even take it with you on a staycation. With automatic switch-off after 15 minutes of inactivity to reduce energy consumption, programmable dosing memory and 20 BAR pressure for powerful extraction, this intelligent machine has got it all covered.

*Nespresso® trademark is owned by Société des Produits Nestlé S.A.

Dualit.

ONE TOUCH

Insert a pod and press for an espresso or lungo - making delicious coffee couldn't be simpler! You don't need to learn specialist coffee making skills, as using coffee pods avoids the hassle and mess associated with traditional coffee makers.

YOUR CHOICE OF PODS

The Pod Machine has been designed to be compatible with Nespresso®* original line capsules, and Dualit's own range of high quality coffee pods. Shop your coffee online, on the high-street or along with your supermarket shop - the ultimate convenience.

COFFEE, YOUR WAY

The Pod Machine is programmed to dispense the optimal volume of barista style espresso (35ml) and lungo (70ml) for the best tasting coffee. However, if you have a favourite espresso cup or coffee mug that needs more, or you want the flexibility to choose at leisure, you have the option to set the volume you want.

NEW!

Burr

COFFEE GRINDER

A kitchen essential for coffee enthusiasts, grind your favourite beans ready for your daily coffee fix with the Dualit Burr Coffee Grinder. Its powerful motor and stainless steel conical burrs ensure the delicate aromatic compounds found in coffee are preserved, for tasty brews every time.

It is also incredibly easy to use with just one operating button; simply select your grind type, choose how many cups you want to make, and then grind!

FUSS-FREE CLEANING

The burrs are easily removed for quick, convenient cleaning, saving you valuable time. The cleaning brush helps dislodge any trapped grinds to reduce the build-up of oils.

PORTION CONTROL

The bean hopper holds a generous 250g to grind enough coffee for up to 12 cups.

35 GRIND SETTINGS

Whether you're after fine grounds for your espresso machine, medium grounds for your filter machine or coarse grounds for your percolator or cafetière, the impressive 35 grind settings covers all your coffee equipment needs.

Handheld

MILK FROTHER

Create barista-style drinks at home in minutes with the new Dualit Handheld Milk Frother. Ideal for making a flat white, cappuccino, latte, mocha, milkshake, or a decadent hot chocolate, without needing to visit a coffee shop.

A range of unique accessories ensures perfectly texturised frothed milk every time. The Handheld Milk Frother also has a cool touch body and non-stick rubber feet for convenient kitchen to table use.

NEW!

DECADENT HOT CHOCOLATE AT HOME EVERY DAY

No need to prepare or buy a special brand, just break-up a few squares of your favourite chocolate and add to the frother, for the dreamiest, frothiest hot chocolate. Works equally well with chocolate flakes, buttons or powder.

EASY CLEANING TECHNOLOGY

The patented motor over-run prevents milk from burning in the jug, and the smooth, non-stick interior, ensures minimal cleaning time. Just a quick rinse and wipe, then it's ready for your next cup. exceptionally easy to clean.

EASY TO USE

Simple one-touch operation makes the Handheld Milk Frother easy to use. The frother also switches off automatically when it reaches optimum temperature.

Milk

FROTHER

The cordless Dualit Milk Frother produces hot milk, hot frothed milk or cold frothed milk in just two minutes.

It's perfect for making a latte, cappuccino, hot chocolate, milkshakes or simply livening up an instant coffee. A compact and invaluable addition to any kitchen, the milk frother is a great partner for all Dualit coffee machines.

Watch the video at [DUALIT.COM/MILK-FROTHER](https://dualit.com/milk-frother)

- One-Touch Triple Function
- Patented dual speed motor
- Patented removable whisk
- Generous capacity: 320ml*
- Non-stick interior coating
- Automatic switch off
- Cordless convenience
- Non-slip rubber feet

* Maximum volume after heating cycle

ONE-TOUCH

The patented dual speed motor selects the right speed for your desired drink and quietly makes heated milk, frothed hot milk, or cold froth, all at a press of a button.

INGENIOUS DESIGN

The patented, removable whisk uses magnetism to give a fully sealed drive. Together with a completely smooth, non-stick interior, the Milk Frother is exceptionally easy to clean.

EASY TO USE

The stylish Milk Frother switches off automatically when it reaches the perfect temperature. For cordless convenience, your Milk Frother can be taken straight to the table.

Cino™

MILK STEAMER

The Dualit Cino™ Milk Steamer is dedicated to creating professionally frothed and steamed milk for hot drinks. With continuous frothed milk available, your hot drinks service will be faster and more efficient, as your coffee machine is free to concentrate on making espressos.

The Cino's sleek, stainless steel design will make it a stylish addition to your café, or even your own kitchen, for those who enjoy coffee shop style coffee at home.

- Freestanding, portable, compact unit
- Thermobloc element combined with a powerful pump for continuous steam
- 850ml tank capacity
- Descale function with advance warning light
- Purges after each use to reduce limescale build up
- Mains plugged unit
- Blue light indicator when ready
- Low water indicator flashes red
- Water filter replacement indicator
- Drip tray
- Includes milk frothing jug, thermometer and three water filters
- Replacement water filters available from dualit.com

Did you know that over 20 billion coffee capsules are made each year with

15 BILLION CAPSULES
ending up in landfill?

DUALIT'S ECOPRESS™ RANGE OFFERS A MESS FREE SOLUTION TO RECYCLING USED ALUMINIUM COFFEE PODS.

1 Place the used aluminium capsule into the EcoPress™

2 Cover with the lid and press down

3 Remove the inverted capsule from the EcoPress™

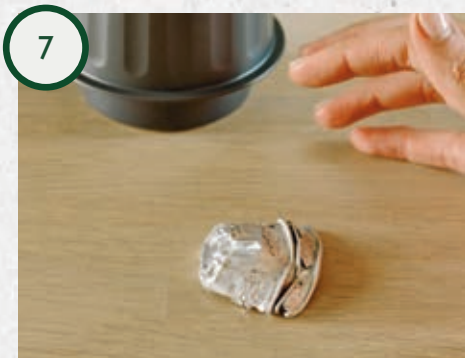

4 Rinse the inverted capsule under running water

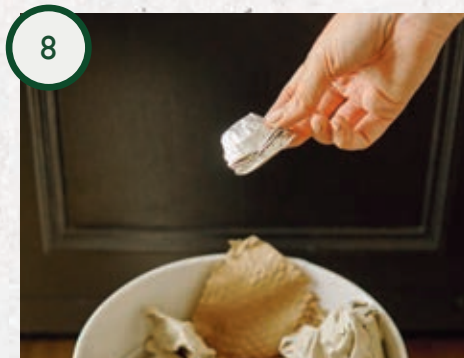

5 Stack a minimum of three inverted capsules

6 Turn the stack on its side

7 Gently press down to flatten it

8 Place the flattened capsule bundle in your recycling bin

9 Empty your coffee grounds into your food waste bin

EcoPress™

ALUMINIUM CAPSULE RECYCLER

Dualit's EcoPress™ offers a mess free solution to recycling used aluminium coffee capsules. The EcoPress removes the coffee grounds from the capsules allowing for quick and easy recycling. Dualit's EcoPress is compatible with most aluminium coffee capsules*.

NEW!

EcoPress™

DUO MAX

ALUMINIUM CAPSULE RECYCLER

The EcoPress™ Duo Max turns pods inside out, two at a time with built in storage for pods and a rinsing container.

EcoPress™

FOR VERTUO*

ALUMINIUM CAPSULE RECYCLER

Dualit's EcoPress for Vertuo* helps make recycling used aluminium coffee pods fast and simple. Easy to use, the EcoPress for Vertuo* separates the coffee from the pod ready for recycling collections.

NEW!

Handheld

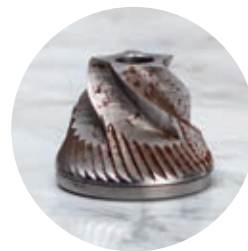

COFFEE GRINDER

Coffee tastes better when it's fresh and with Dualit's Handheld Grinder you can grind just the right amount of beans for your drink. This ensures there will be no waste! Use Dualit's Handheld Grinder at home or on the go for really great tasting coffee wherever you are.

EXCLUSIVE TO
DUALIT.COM

STRONG CONICAL BURRS

The robust conical burrs are made from high quality stainless steel for a Grinder that lasts and can be removed for quick, convenient cleaning.

EASY TO USE

Simply weigh your coffee beans in the container, remove the handle and pour the beans into the top of the grinder. Replace the handle and turn to grind.

OVER 40 SETTINGS
You can grind coffee beans fine enough for a strong espresso or coarse enough for cafetiere coffee. Dualit's Handheld Grinder has over 40 grind settings for complete control over your coffee.

Dualit® *Café*

BARISTA KIT

A great cup of coffee requires accuracy and the precision engineered Tamper ensures a consistent tamp. For Cappuccinos, Lattes and Hot Chocolates, the Thermometer helps indicate the ideal temperature for heating and frothing the milk. Together with the Knock Box, you've got everything needed for an exceptional hot drink.

EXCLUSIVE TO
DUALIT.COM

MILK FROTHING JUG AND THERMOMETER

The stainless steel jug features an easy pour design ideal for creating latte art at home.

The useful thermometer indicates the optimal temperature to perfectly texturise your milk, helping to ensure you don't burn it. The Milk Frothing Jug features a generous volume for making multiple drinks and is dishwasher safe for easy cleaning.

KNOCK BOX

The durable Knock Box will hold up to 24 double coffee pucks with the robust knock bar removing even the toughest pucks.

It's tough enough to withstand hard knocks from portafilters and the knock bar can be removed for quick and easy cleaning. A handy silicone grip on the base of the Knock Box prevents it from moving around whilst in use.

TAMPER

Dualit's Tamper features an ingenious levelling guide that ensures an even tamp for maximum flavour and consistent coffee flow.

The easily adjustable, spring-loaded Tamper controls the tamp pressure for an even and level tamp every time.

Travel Mug

500ML CAPACITY

Dualit's plastic-free Travel Mug keeps drinks at the right temperature whether you are on the go or at home. Sip confidently even while on the move, as the spill barrier controls the flow of liquid.

- 100% plastic-free with stainless steel and silicon parts
- 5 layers of thermal insulation
- Keeps drinks hot for up to 7 hours
- Keeps drinks cold for up to 12 hours (longer with ice cubes)
- Leak-proof with the lid tightened
- 500ml / 16.9 fl.oz capacity
- Dishwasher safe
- Taint and odour free
- Cool-touch jar
- Spill barrier to control liquid flow

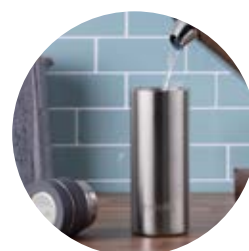

SAFE SEAL TECHNOLOGY

A spill-barrier is in place to control the liquid flow to prevent unwanted spilling and the lid is leak-proof when screwed-on.

FIVE LAYER INSULATION

Five layers of advanced vacuum insulated technology includes stainless steel inner and outer walls to keep drinks hot for up to 7 hours.

100% PLASTIC FREE

Built from high-quality stainless steel with silicone trims, the Travel Mug is free from plastic, supporting a more sustainable lifestyle.

Dualit® *Café*

SET OF 2
COFFEE CUPS
& SAUCERS

A contemporary collection of bone china cups with perfectly fitted saucers, designed for coffee with friends, a morning pick-me-up or an evening of entertaining. Inspire your inner barista with Dualit Café.

ESPRESSO

The Espresso Cup Set is perfect for a single shot of coffee - ideal for on the go or for busy mornings.

DOPPIO

Enjoy a double shot of espresso with the Doppio Cup Set, for the days where something stronger is need.

LATTE

Hot frothy milk atop silky smooth coffee, served in the Latte Cup Set for the ultimate barista experience.

CAPPUCCINO

Make the moment last longer with the Cappuccino Cup Set because we all deserve the comfort of coffee.

Drip Through

COFFEE FILTER

Designed to match Dualit's contemporary cup collection, the Drip Through Coffee Filter sits neatly on top of one or two mugs to brew the perfect cup of coffee.

For the coffee connoisseur, this new bone china filter blooms and brews your coffee directly into your cup in around three minutes. Its sophisticated white gloss design fits perfectly into any kitchen and is dishwasher and microwave safe. Inspire your inner barista with Dualit Café.

- Made from New Bone China
- Microwave and dishwasher safe
- Double outlet in base
- White gloss
- Recommended: If You Care Compostable Unbleached Coffee Filters No.4

Place a filter paper inside and fill Dualit's Drip Through Coffee Filter with your favourite ground coffee.

See p59 for Dualit Coffee Cups

PERFECT POUR OVER COFFEE

As you slowly pour hot water over the grounds, watch the coffee bloom and take in the unmistakable aroma of fresh coffee.

ONE OR TWO CUPS

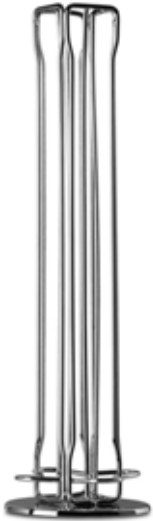

Designed with a double outlet in the base, the filter sits over one or two cups so the coffee drips straight in, ready to drink. The slots in the base allow you to watch as you pour, so that you don't overfill your cups.

MICROWAVE & DISHWASHER SAFE

Made with delicate new bone china, yet strong enough for every day use, the Drip Through Coffee Filter is both microwave and dishwasher friendly.

CAPSULE HOLDER

Compact and sturdy chrome design. A sleek kitchen gadget for any coffee lover.

The Dualit capsule holder rotates 360° providing easy access to your capsules, as well as keeping your range stored in one place.

Our capsule tower is versatile, neatly stores up to 40 capsules and is compatible with Dualit and Nespresso® capsules. Create a striking display of capsules ready to use at your finger tips.

See p59 for
Dualit Coffee Cups

NX CAPSULE ADAPTER

Compatible with Dualit coffee capsules, this accessory is for use with Espresso and Dualit Coffee systems. Perfect for time-starved, no-compromise, need-it-now coffee drinkers.

Note: The NX Adaptor can only be used with Dualit NX capsules. For Aluminium and Home Compostable Capsules you will need to use a Capsule Piercer.

CAPSULE PIERCING TOOL

If your Dualit machine is struggling to extract coffee from our capsules then Dualit's capsule piercer is exactly what you need. The blades in the piercing tool wake up Dualit Home Compostable, Aluminium and Nespresso® coffee capsules to release the exceptionally fresh coffee ready for use in your Dualit coffee machines*. Please contact the customer service team on 01293 652 500 for your free capsule piercer*

*Espress-Auto, 3 in 1 Coffee Machine, Espresso and Xpress.

OSCAR BAGS

OSCAR Water Softening Bags are placed in your coffee machine's water tank and work to soften the water, reducing limescale build-up. Suitable for all Dualit pump espresso coffee machines with water tanks, each bag lasts for one year and is available from our website.

KILROCK DESCALER

Limescale is one of the leading causes of coffee machines breaking down. To reduce limescale build-up in your coffee machine, we recommend descaling at least once a month with Kilrock Espresso and Coffee Machine Descaler, available from our website.

Cooking

ESSENTIALS

FOOD PREP COLLECTION

Make cooking easier with our mixers, blenders, mini oven and brand new Air Fryer. Our online recipe library is the perfect place for inspiration, from quick snacks or family dinners to delicious bakes, including a range of new recipes created for Dualit by bestselling cookery author, Annabel Karmel.

Air fryer

Designed to the highest specifications, the Air Fryer uses convection heating (circulating hot air around the food), as opposed to frying, to provide a healthy alternative to deep fat fryers. All without compensating on flavour.

With a large capacity (5.5L) but small footprint, this mighty appliance will supercharge your cooking, enabling you to fry, bake, roast, dehydrate, grill and reheat at the touch of a button. Our thoughtfully designed, non-stick coated Crisper Tray and Plate maximises the amount of food you can cook, while also allowing for easy cleaning in the dishwasher.

- 5.5L / Serves 4
- Saves 58% more energy and approximately £100 a year vs domestic fan oven
- Family meals 51% faster (as quick as 15 minutes) vs domestic fan oven*
- 99% less oil from cooking vs a deep fat fryer*
- 1-year guarantee
- Adjustable temperature and time control 50°C-200°C
- Easy-pull handle
- Non-stick coated crisper plate
- 1700W

7 PRESET PROGRAMS

With the flexibility to choose one of the Air Fryer's useful presets or manual mode cooking, there are countless meal options to choose from.

SAVES TIME & ENERGY

With Dualit's Air Fryer, you will save 58% more energy & approximately £100 a year vs domestic fan oven*. What's more, your easy family meals will be prepared 51% faster (as quick as 15 minutes) vs domestic fan oven*.

HEALTHY EATING MADE EASY

Dualit's Air Fryer uses 99% less oil from cooking vs a deep fat fryer*. Lose fat not flavour with Dualit's Vortecs™ cooking.

ATTENDED APPLIANCE
UNPLUG AFTER USE - FIRE RISK

Dualit

BLENDER AND SMOOTHIE MAKER

If you find it hard to manage your “5 a day”, then creating delicious soups, smoothies and sauces is a simple way to increase your intake. The blender liquidises even the toughest fruits and vegetables to create the smoothest liquids packed with nutrients.

VORTECS® TECHNOLOGY

A multi-dimensional mix action makes for smoother smoothies. Two uniquely designed fins in the sides of the jar and a precision engineered, six-pronged blade create an irregular blending action that continually forces the ingredients down into the main chopping zone.

UNIQUE BLADE DESIGN

The horned blade spears larger items, the serrated blades pulverise solid ingredients and the dipped blades direct any smaller pieces back into the chopping zone for smoother results.

VERSATILE CONTROLS

7 controls include ice crush, two pulse settings and four pre-set speeds, each one perfectly adjusted for gentle mixing, consistent chopping, smooth puréeing or ultimate blitzing.

TOUGH AND LIGHT

A strong, chrome plated ABS body tough enough to stand up to the most challenging kitchen environment yet light enough to lift & put away should you need the space.

ICE CRUSH

From ice cubes to snow drifts in just 10 seconds. Specifically designed to blitz ice on impact, starting with one large pulse and continuing with several smaller pulses.

THIS BLENDER WILL MAKE:

Smoothies

Milkshakes

Cocktails

Sauces

Baby food

Soups

Batters

Dressings and Dips

Crushed ice

Frozen desserts and Mousses

HAND BLENDER

Want an all-round kitchen assistant that makes light work of everyday culinary tasks?

Dualit's 700W multi-tasker takes on chopping, pureeing and whisking with seamless speed. From saucy salsa to perfectly pureed baby food - you can even mix up mouth-watering meringues in a matter of moments. Dualit's Hand Blender combines ease of use with sleek styling and endless versatility. Includes the following:

1. BLENDING STICK AND JUG

- For heavy mixtures and solids.
- To create the smoothest soups, smoothies and baby food.

2. CHOPPING BOWL

- Chops everyday ingredients in seconds.
- Creates dressings, dips and sauces.

3. BALLOON WHISK

- Whips cream, egg whites and mixes cake batter.
- Creates the lightest sponges, meringues, soufflés and mousses.

 ANNABEL KARMEL

NUTRI-VORTECS

A six-pronged blade, internal fins and 700W of power, force ingredients into the chopping zone to create the smoothest mixtures. Fruit and vegetables are given a power blast that releases the nutrition locked inside the pulp, skin and seeds.

 ANNABEL KARMEI

Bake Off™

HAND MIXER

With a 400W motor and four speed settings, Dualit's Hand Mixer is a true multi-tasker for the light baker.

Polished

Canvas

In keeping with Dualit's classic British styling that consumers have come to know and love, this Hand Mixer is not only sleek and stylish, but it is built with the very latest technology.

FLAT BEATERS

Perfect for mixing up cookie doughs, cake batters, liquids and creaming butter and sugar.

1. Flat Beaters

BALLOON WHISK

Use this for light and fluffy mixtures; whipping cream or whisking egg whites and meringues.

2. Balloon Whisk

DOUGH HOOKS

Mixes dough for bread and pastry with minimal effort at slow speed for the best results.

3. Dough Hooks

UNIQUE CORD TIDY

Small but perfectly formed with a retractable cord and cleverly designed integral plug storage, creating less clutter and ensuring storage is minimal.

Cord Tidy

Mini Oven

22L CAPACITY

FLEXIBLE COOKING

Grill, bake, roast and defrost functions; the Mini Oven is the ideal space-saving solution.

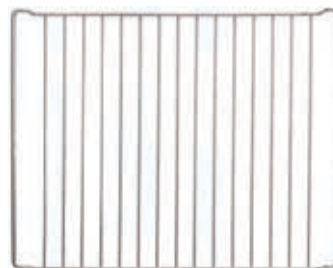

FAST HEAT-UP TIME

Heats to 180° in just six minutes and 230° in nine; perfect for when you need to be quick.

ALSO INCLUDES

Black

Wire shelf

9" Pizza pan

Perfect for small kitchens or as an additional oven in larger spaces. Dualit's Mini Oven has a large capacity of 22L, multiple cooking functions, an internal light and strong shelf supports. Complete with oven tray, wire rack, pizza pan, removable crumb tray and non-stick interior, this oven is the perfect addition to any kitchen.

Grill pan & rack

TOAST RACK

Inspired by our Classic Toaster, the Dualit Toast Rack completes the breakfast setting. Made from FSC® certified Beech, its functional and durable design will see many a morning's toast displayed with pride.

Bake off™

Preparing your own meals is so much easier with the right tools. Know exactly what is going into each bake, whether you're making a wholesome family dinner or a naughty sweet treat and save valuable time with your extra pair of "helping hands".

Self-fulfillment

Symbolising trust and advancement in life for you and your baby

FOOD MAKER

The Dualit Baby Food Maker is a helpful kitchen assistant that steams and blends wholesome meals for your baby, quickly and easily, adapting to each stage of development.

It features a simple design, with one dial that controls the texture of your baby's food - from smooth purées to chunkier meals, making it suitable for the weaning journey and beyond.

Visit our online recipe library for meals to make in the Baby Food Maker, created by bestselling children's cookery author, Annabel Karmel.

- Steams and blends food
- Easy to use control dial
- Recipes included
- Automatic shut off after 30 minutes with boil dry technology
- BPA free
- Non-marking feet
- Stylish design
- Dishwasher safe parts*

WHOLE SOME

Steaming not only cooks ingredients evenly, but also preserves all the nutrients and flavours locked inside. Steam a wide range of foods from fruit and vegetables to rice, meat and fish to create tasty, varied and nutritious food for your baby.

ALL STAGES

The blender blitzes ingredients to create smooth purées, ideal for when you start weaning. As your baby's taste develops, it's easy to control the consistency and experiment with chunkier textures to develop their palates.

FUSS FREE

Simply place your ingredients in the steamer, set the timer and in 30 minutes or less your baby's meal is cooked. Either serve straight away as finger food, or blend for a smoother consistency. Plus, all parts are dishwasher safe*!

*Excluding power unit/base

STEAM STERILISER

A Steam Steriliser and dryer that works in minutes. The Dualit Steam Steriliser has four steaming and drying options and will sterilise up to six bottles in as little as 15 minutes.

In addition to bottles, accessories such as teats and soothers can be placed in the upper rack to sterilise alongside the bottles. For your peace of mind, the sterilising cycles kill 99.9% of harmful bacteria.

 LOVE TEARS AND TEEPEES

- Sterilises bottles and accessories
- Drying function
- Quick-dry option
- Easy to use control dial
- Six bottle capacity
- Kills 99.9% of germs
- Keeps items sterile for up to 24hrs when steriliser is kept sealed
- Non-marking feet
- BPA free
- Lightweight for portability
- 630W

FAST & SIMPLE

Sterilise your baby's bottles in as little as 15 minutes. Each of the four functions is operated with one simple dial – easy to operate even after a sleepless night!

EXTRA SAFE

Sterilising with steam is a fast, safe and efficient way of keeping your baby's bottles and accessories free from harmful bacteria.

STERILE FOR 24HRS

Sterilise up to six baby bottles at any time. Plus, when the Steriliser is kept sealed, your items will stay sterile for up to 24 hours!

UV STERILISER

Powerful, chemical-free UV sterilising for everyday use. The Dualit UV Steriliser kills 99.9% of bacteria and has three cycles: 'UV' that sterilises and deodorises items that don't require drying, 'Dry' to dry washed items ready for sterilising and 'UV and Dry' that dries, sterilises and deodorises in one. The UV Steriliser will fast become an essential household appliance you wonder how you managed without!

- Sterilises bottles and accessories
- Drying function
- Quick-dry option
- Easy to use control dial
- Six bottle capacity
- Kills 99.9% of germs
- Keeps items sterile for up to 24 hrs when door is kept closed
- Upper & Lower Rack for safe and efficient sterilising

FAST & SIMPLE

Sterilises items in as little as 15 minutes, with each sterilising cycle also deodorising to remove any lingering, unwanted odours. Use the 15-minute cycle when one rack is full and 25-minute cycle when both racks are full.

EXTRA SAFE

The UV Steriliser uses two powerful UV bulbs and a mirrored interior to kill 99.9% of harmful bacteria and germs in a matter of minutes. Plus, when the UV Steriliser is kept sealed, your items will stay sterile for up to 24 hours!

VERSATILE

A removable upper rack can be used for smaller items such as lids, teats, baby soothers and breast pump parts so you can sterilise multiple items in one batch, saving you time.

Dualit®

With no water or chemicals required, the UV Steriliser can also be used to sterilise a range of household items.

From make-up, nail and haircare tools, baby bottles and toys, to cleaning cloths, keys, remote controls and even your mobile phone!

SINGLE & DOUBLE BOTTLE WARMERS

Dualit's Single & Double Bottle Warmers are easy to use, multi-functioning warmers designed for fuss-free sterilising, defrosting, and warming baby formula, baby food and breast milk.

The electronic control panel ensures that food is at an optimal temperature for your little one, whilst the sterilising function means you can rest easy knowing that 99.9% of harmful bacteria has been killed - plus, if you keep the lid closed, bottles will stay sterile for up to 24 hours. With its contemporary design, the Dualit Bottle Warmers are the practical and stylish choice for your kitchen counter.

- Fast warming milk function
- Easy to use control dial
- 1 year guarantee
- Kills 99.9% of germs
- Keeps items sterile for up to 24hrs
- Heat food function
- White & grey design
- High temperature steam clean
- BPA free

MULTI-FUNCTIONAL

Not just a bottle warmer, these handy appliances also defrost and heat baby food, as well as sterilising bottles, teats and accessories.

A "Fast Warm" function warms milk 20% faster than the normal cycle. Simply select the volume or weight of the food or milk that you are heating and the Bottle Warmer will do the rest.

EASY TO USE

With just two buttons to operate and illuminated digital controls for those night feeds, the Bottle Warmers couldn't be easier to use. The automatic timer works out how long to defrost or heat your baby's food and milk to a safe, optimum temperature based on the volume you select, removing any worry of hot spots in your baby's mouth.

COMPATIBLE

Dualit's Bottle Warmers are compatible with plastic, glass and single-walled bottles. The Bottle Warmers can fit bottles up to a diameter of 80mm and sterilise bottles up to 105mm tall (without collars, teats and lids); large enough for most sizes, shapes and brands of bottles to fit comfortably.

FOR THE
Commercial
KITCHEN

CATERING COLLECTION

Dualit understands the needs of professional chefs, restaurants, cafés, pubs, bars, hotels and B&Bs, and has developed innovative and easy to use products that can withstand the demands of a commercial environment.

From grills to soup kettles to conveyor, contact and traditional toasters, your kitchen will run efficiently with Dualit.

Classic

TOASTERS

MADE IN THE UK

2 Slot Toaster

3 Slot Toaster

4 Slot Toaster

6 Slot Toaster

Dualit's Toasters are a design icon. Built for commercial use, they have since won numerous consumer accolades and come in a range of variants, sizes and colours.

From the 2 Slot Toaster to the more specialised Sandwich, Combi and Bun toasters, they all share the same timeless styling, reliability and Dualit design features. Engineered to produce the best toast in the world, Dualit Classic Toasters are still built by hand in the UK, with the assembler's name on every base plate.

Colour options include:

Polished

White

Black

BENEFITS OF THE PROHEAT. ELEMENT

PROTECTIVE COVERING

- The durable protective film keeps the filaments clean and makes our **PROHEAT.** elements virtually unbreakable.

EVEN TOASTING

- No element has as many 'winds per square cm' as Dualit's **PROHEAT.** element – this makes for the most evenly toasted bread.

REPLACEABLE ELEMENTS

- **PROHEAT.** elements are replaceable to ensure minimal disruption to service.

COMBI TOASTERS

MADE IN THE UK

Combi 2+1

Combi 2x2

Colour options include:

Polished

White

Black

Dualit's Combi Toaster is the ideal solution for those that want the flexibility and convenience of making both toast and toasted sandwiches.

The Combi 2+1 comes complete with one sandwich cage and the Combi 2x2 comes complete with two sandwich cages, as well as the energy-saving feature of being able to operate slots together or individually.

- Selector control for operating slots together or individually
- Defrost setting and mechanical timer
- Manually operated ejector lever to keep items warm until needed
- High lift mechanism to remove small items easily
- Extra-wide 28mm slots and adjustable inner wire to grip bread
- Adjustable rear foot to compensate for uneven surfaces
- Removable crumb tray

SANDWICH TOASTERS

MADE IN THE UK

2 Slot Sandwich Toaster

4 Slot Sandwich Toaster

Colour options include:

Polished

White

Black

Dualit's Sandwich Toaster is specifically designed for the job in hand. Sandwich cages are included to enable continuous toastie making.

- Toasts at a rate of 40 rounds per hour (two slot) or 80 rounds an hour (four slot)
- Selector control for operating slots together or individually
- Mechanical timer
- Extra-wide 28mm slots and adjustable inner wire guards
- Adjustable rear foot for uneven surfaces

BUN TOASTERS

MADE IN THE UK

4 Slot Bun Toaster

6 Slot Bun Toaster

Colour options include:

Polished

White

Black

Dualit's Bun Toasters produce perfect buns, bagels and teacakes by toasting one side of the bun whilst warming the other.

- Manually operated ejector lever to keep items warm until needed and high lift mechanism to remove small items easily
- Selector control for operating slots together or individually
- Defrost setting and mechanical timer
- Extra-wide 28mm slots and adjustable inner wire to grip bread
- Adjustable rear foot to compensate for uneven surfaces

Catering

POP-UP TOASTER

Polished

The four slot Pop-Up Toaster combines the convenience of an automatic pop-up toaster with simple operation, reliability and the robustness of a commercial product.

Its stainless steel body has the build quality you would expect from Dualit, whilst the commercial-grade ProHeat elements are replaceable.

The intelligent browning system lets you set the browning control for your bread then auto-adjusts the time to ensure consistent browning from first to last slice. The spring-loaded slots centre the bread for even browning on both sides.

POP-UP

It couldn't be simpler; drop in the bread and lower the lever. The toast will automatically pop-up, browned to perfection, when ready.

REPLACEABLE PARTS

Designed for continual, day in, day out use. However, if wear and tear eventually take their toll, certain parts are replaceable.

PROHEAT® ELEMENT

Unique ProHeat® elements have a protective armour plated layer covering the filament making them virtually unbreakable.

ELECTRONIC BROWNING CONTROL

Auto adjusts the time to ensure consistent browning.

CONTROL COVER AVAILABLE

(optional extra)

[DUALIT.COM/CATERING-TOASTERS](https://dualit.com/catering-toasters)

Conveyor

TOASTER

Brushed Stainless Steel

The 2 slice Conveyor Toaster works perfectly for larger catering establishments, producing up to 560 slices of white toast or 1,200 slices of thinner fruit loaf an hour. The Conveyor Toaster is versatile enough to toast bread as well as warm bagels and buns by switching off the top element.

The Conveyor Toaster also features a toast ramp to ensure toast, bagels and buns are removed smoothly and an anti-tamper guard so the toast setting dial can't be changed in buffet service.

POWERFUL INCOLOY ELEMENTS

Powered by Incoloy elements, the Conveyor Toaster is ready to use in just five minutes with the quick start procedure and will continue to heat up for 30 minutes until it reaches maximum heat.

FULL CONTROL

A bagel setting heats the bottom element only for toasting bread, buns and bagels on one side. Nine browning levels enable a wide range of bread types to be toasted to perfection.

BUILT TO LAST

With certain parts replaceable and a quick release side panel, the Conveyor Toaster offers easy access for servicing. Together with robust Incoloy elements, the Conveyor Toaster is built to last.

Contact

GRILLS

Panini

Double

Contact grills play an essential part in the kitchen, useful throughout the day whether it's breakfast, lunch or dinner.

Simple and easy to use, the contact grills are ideal for grilling sandwiches, burgers, steaks and vegetables.

The Dualit range offers two sizes; the compact Panini Grill and the larger Double Contact Grill, ideal for quick turnaround during busy periods.

- Stainless steel body
- Neon light indicator
- 13 amp plug
- Removable drip tray
- Heatproof handles
- Cleaning brush included

Contact

TOASTER

Makes delicious, sealed toasted sandwich triangles; the deep non-stick moulding and robust seal means that fillings can be extremely generous. The two hotplates can be operated individually to conserve energy. Makes 60 sandwiches per hour.

Waffle

IRON

Makes two rings of perfectly dimpled waffles, divided into four portions. Made from satin finish, top grade stainless steel, each plate has two layers of non-stick coating. The two hotplates can be operated individually to conserve energy.

Toastie and Waffle

2 IN 1 MAKER

Enjoy the best of both worlds and save valuable kitchen counter space! Makes toasted sandwiches and waffles at the same time or separately as each plate has its own controls, along with non-stick hot plates for easy cleaning.

Soup Kettles

6L, 10L & 11L

Our range of soup kettles are built for hard work, with solid cast aluminium outer bodies and stainless steel liners. All are fitted with long life heating elements and are ideal for use in the kitchen or front of house.

The compact 6L wet-heat is perfect for foods that need moisture to heat, while the 10L dry heat holds beans, curries, stews and chillis at just the right temperature. The 11L wet and dry is a flexible kitchen workhorse.

6 LITRE

Stainless Steel
(Wet heat)

Dualit's 6 Litre catering soup kettle is a compact, contemporary product that looks great front of house. Its stainless steel finish suits a variety of environments and looks smart and elegant.

With a 300W output and a capacity of 6L, this is an ideal choice for smaller catering operations.

10 LITRE

Black
(Wet heat)

A highly efficient, long-life heating element keeps the contents safely and consistently at serving temperature ready for dishing throughout the day, freeing up space on your kitchen stove.

In addition, the heating element is coupled to a separate "overheat" thermostat for maximum safety.

11 LITRE

MADE IN THE UK

Black
(Wet and dry heat)

Can be used with either wet or dry heat and incorporates a long-life double pole variable simmerstat.

Like the 10 litre version, it is a traditional cauldron shape but the 11 litre version also comes in a range of four colours to complement any interior.

White

Brown

Copper

Cino™

MILK STEAMER

The Dualit Cino™ Milk Steamer is dedicated to creating professionally frothed and steamed milk for hot drinks. With continuous frothed milk available, your hot drinks service will be faster and more efficient, as your coffee machine is free to concentrate on making espressos.

The Cino's sleek, stainless steel design will make it a stylish addition to your café, or even your own kitchen, for those who enjoy coffee shop style coffee at home.

- Freestanding, portable, compact unit
- Thermobloc element combined with a powerful pump for continuous steam
- 850ml tank capacity
- Descale function with advance warning light
- Purges after each use to reduce limescale build up
- Mains plugged unit
- Blue light indicator when ready
- Low water indicator flashes red
- Water filter replacement indicator
- Drip tray
- Includes milk frothing jug, thermometer and three water filters
- Replacement water filters available from dualit.com
