

# Wildlife Haven Volunteer Application

## Animal Rescue & Care Volunteer

Our hospital volunteers help our wildlife rehabilitation staff care for wildlife patients. Tasks include cleaning the patient enclosures, cleaning the hospital, preparing patient meals, assisting with rehabilitative care, laundry and much more. Our rescue volunteers aid in the rescue and transport of injured wildlife from across Manitoba. Please fill out this form and email to [info@wildlifehaven.ca](mailto:info@wildlifehaven.ca)

Wildlife Haven puts the well-being of the patient first and aims to rehabilitate and release animals back to the wild. However, some patient outlooks are dire when they come into care. As such, humane euthanasia is considered a course of treatment in order to ease the animal's suffering. Do you agree that euthanasia is a humane course of treatment as a last resort?      Yes      No

Wildlife rehabilitation can be a messy job. As a hospital volunteer, you will come into contact with things like feces, blood and raw meat. Is this something that you are comfortable with?      Yes      No

Working as a volunteer is often a physically demanding job that will require you to bend, kneel, lift and move quickly at times. Are you able to meet these physical demands?      Yes      No

Please describe any experience you have working or interacting with animals.
