Setting up Banner Stand
Note: Poster shown in this setting up instruction is not included.

1. Separate the plastic cover from one side of the top rail.

2. Draw out the inner rod from the top rail.

Pull up the top rail and extend the poster straight up to the most and hook the top rail over the pole.
3. Apply double faced adhesive tape (not included) on the top of the back of your poster.

4. Seal top of your poster around the rod with double faced adhesive tape.

10. Insert the pole into the base.
1. Insert the rod with the poster back to the top rail.

2. Put the cover back to the top rail.

Connect each part of the bungee polo together.

Swivel out the two legs under the base as shown above.
Peel off the film of the glue on the leading sheet of the base.

Attach the bottom edge of your poster to the leading sheet of the base.

While holding the poster to prevent it from retracting to the base, pull out the locking pin from the base.

Let the base slowly retract the poster.

Note:
Never pull out the locking pin from the base unless the poster is attached to the top rail and the base leading sheet.
