

# Taking apart

1

Choose 1 piece and push it away from the remaining pieces  
**NB: For the first time of use, these parts are held together very securely, so you will need to apply force in order for them to release.**

2

Push until all 6 parts are released.

# Back together

1

2

3

In one hand lock together the pieces as shown

4

5

6

7

Finally squeeze down the final piece, until it locks into place.
