BEESWIFT SUTTON FLYKNIT COMPOSITE BUBBLE SOLE SAFETY WORK TRAINER S1PL

Crafted with a sleek black and mid-grey Flyknit design, these safety trainers are not just stylish, but packed with features to support your every step. The dual-density PU sole and air bubble shock absorbing heel provide unparalleled comfort, ensuring a cushioned feel even during extended wear.

Taking strides towards sustainability, these work trainers are constructed using recycled materials for the upper lining and laces, with a 100% recycled insole. Embracing eco-consciousness without compromising on quality or style. They boast a metal-free construction, featuring a composite toecap and midsole for lightweight protection without sacrificing flexibility.

Engineered for versatility, these trainers are antistatic, oil-resistant, and equipped with superior slip resistance, making them ideal for various work environments. Whether you are navigating slick surfaces or standing for long hours, these trainers provide the support you need.

Certified to meet EN ISO 20345:2022 standards, these lightweight and comfortable safety trainers are rated S1 PL FO SR.
