

Traffi®

THE HAND PROTECTION SPECIALISTS

Treated with

HEIQ
VIROBLOCK

TGL711

This product is a cut level 1 knitted dot glove, that is touchscreen compatible. This glove is also coated with HeiQ Viroblock, a technology proven to protect against microbes and germs (active ingredient: silver chloride)*.

This is a fantastic alternative to disposable gloves, it is a more sustainable and less expensive solution.

Key features

- Treated with HeiQ Viroblock protection against microbes and germs
- Touchscreen compatible
- Dot design for grip and comfort and to increase wear-life
- HeiQ Viroblock treatment can be sustained for up to 20 washes**
- Compatible with TDS600
- HeiQ Viroblock is certified as safe and sustainable as all its ingredients are cosmetic grade, bio-based (72% bio-based carbon).

Ideal for

- Retail trade
- Logistics
- Food & beverage
- Public transportation

* We partner with HeiQ to develop a product that adopts HeiQ Viroblock technology, a textile treatment that has been tested effective against SARS-CoV-2 in an independent third-party institutes of virology. M.J. (2020) Report on Viral Stability and Persistence of SARS-CoV-2 on Treated Material. Doherty Institute for Infection and Immunity, Australia
