## 1.6 Pending Issues

None.

## 1.7 Update Guide

1. Products supporting webpage functions can be updated through webpage. If there is no special requirement, see the Web operation manual for update procedure.
2. Remote update by app:
  - a. Select Cloud Upgrade, and then check whether there is a new version available. If there is, click to update.
  - b. Do not disconnect the network, restart or power off the camera during the update.

- c. If you update the program with the false file, restart the device; otherwise some functions might be disabled.
