

12% TEXTURED

A complete feed formulated for all classes of mature horses.

PRODUCT CODE: T901

FEEDING DIRECTIONS:

Feed to mature horses at the rate of 0.5 to 1 lb per 100 lbs. of bodyweight. Offer at least twice daily at regular, even intervals. The amount fed can be adjusted depending on individual horse body condition and the amount and quality of forage being fed. Make all feeding changes gradually over a period of 1 to 2 weeks. Do not offer free choice or exceed the maximum recommended feeding levels.

Sweet Country® 12% Textured Horse should be part of a balanced and well-managed feeding program that includes the following:

- Plenty of clean, fresh water at all times (with the exception of overheated or overworked horses that need to be rehydrated gradually).
- A minimum of 1% bodyweight in hay or pasture equivalent daily.
- Free-choice salt and mineral.
- Large bottom feed troughs at a natural feeding position of head height or lower.
- Prevention and treatment of parasites and dental problems.
- Consultation with a qualified veterinarian if problems or questions arise.
