REMOTE START

GT2500ESi

ELECTRIC START INVERTER GENERATOR

With 2500W maximum output and compact design, this single phase 230V generator is ideal for camping or household backup power.

- 2500W (max.) power output, 2300W (cont.) power output.
- Smart throttle - matches engine speed to power draw ensuring super quiet operation & fuel saving.
- Powerdyne 4 stroke, air cooled, OHV industrial engine.
- 2x 10A, 230V outlets, 1 x 8.3A 12V DC outlet
- Push button electric start with backup EZ recoil makes starting easy.
- Increase power while maintaining the flexibility and convenience of compact design with optional parallel function.
- Up to 6 hours run time (load dependent) & whisper quiet at only 59dB!
- Highly portable and compact - under 21.5kg!
- Featuring Eco mode button for efficient running.
- Wireless remote starting - start the generator from 50m away (max).

Optional Parallel Connection Function

#16757
Synchronise 2 units to increase output for larger power demands
3450W

...for safe powering of sensitive electronics!
