Petrol Driven Professional / Industrial Machine

PS4200HD POWERED by HONDA

INDUSTRIAL GX390 13HP HONDA OHV ENGINE
4200PSI, 16L/MIN PRESSURE WASHER

The PS4200HD is the ultimate pressure washing machine for the serious professional who appreciates high end quality performance and reliability.

At the heart of this super tough machine is the Honda Premier Series GX390 Engine. This proven performer is optimised for the unique power demands of serious pressure washing, and is the perfect match to the heavy duty CAT pump. The CAT Industrial Triplex Pump is respected by the industry as being the 'best in the business', and includes forged brass pump head, ceramic pistons, thermal relief system to ensure a lifetime of high performance and trouble free running. The tough aircraft grade aluminium frame provides a super durable yet lightweight solution, and includes large 13" pneumatic wheels for ease of passage over any site.

The accessories are also specified to the highest standards, with the super tough 15m 'Monster Hose' giving superb reach and precision performance across all varieties of cleaning tasks. Detergent application is very simple with the PS4200HD, simply clip in the quick release nozzle, insert the built in detergent pickup into your Powershot detergent and you are set to go.

What is the Honda GX Premier Series Engine?

The Honda GX Premier Series is Honda's top range industrial engine, built for the toughest environments and workloads. The black styling designates the Premier Series as the 'best of the best' and are specially tuned for the unique torque and power demands that are required to maximise the performance of the Powershot Industrial Pressure Washer Series. This is why the Powershot Series outperforms the competition with power optimised performance levels. The GX Premier Series carries a full 3yr warranty and is backed up by Honda approved service agents throughout Australia and New Zealand. The GX Premier Series includes all the heavy industrial features like cast iron cylinder sleeves for super long life, automatic decompression for easy starting, heavy duty air cleaners, oil alert system and the latest muffler design for quieter and more efficient running in continuous duty applications. If you want the premium reliability, the best performance and power, and unparalleled back-up service demand the GX Premier Series Industrial Grade Engine for your pressure washer!
