

WAGNER

**SuperFinish
SF33 Pro**

NEW

SuperFinish SF33 Pro

THE DIAPHRAGM SPRAYPACK FOR EVERY PROJECT

- The perfect all-rounder, able to keep up with the toughest demands
- No pulsation for perfect results
- Low-maintenance and durable
- Flexible suction system or 20L hopper variants available

www.wagneraustralia.com.au

THE MOST POWERFUL WAGNER DIAPHRAGM PUMP IN THE PROFESSIONAL SEGMENT

Connect up to 3 guns

So you can work 3 times as fast!
(adaptor available separately)

Flexible suction hose

20L hopper variant also available

Inlet pusher valve

The inlet valve depressor guarantees high operating reliability. One press of a button and a stuck valve is free again.

Integrated tool box

ensures that tips, filters and tools are always available.

Telescopic handle

Height adjustable handle for easy storage and transport.

Innovative QLS technology

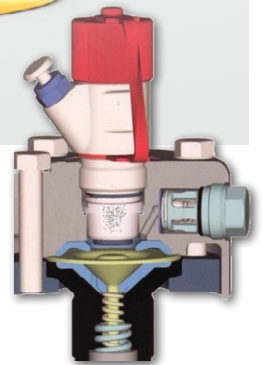

Quality Long Stroke with optimised hydraulics for high performance & longer service life.

Robust tires

Allows easy transport across building sites and other challenging terrain.

THE BENEFITS OF DIAPHRAGM PUMP TECHNOLOGY

Diaphragm pumps are a great choice when it comes to handling a wide variety of materials, from thin liquids to high-viscosity paints. QLS technology and low stroke frequency puts less stress on the components, significantly extending the service life of the pump and reducing maintenance costs. Valves are made of wear-resistant carbide and the diaphragm is made of solvent resistant polyamide. The SF33 Pro diaphragm pump has no noticeable pulsation, which when used with the hopper makes it ideal for fine finish work and small colour runs.

SF33 PRO INCLUSIONS

- SF33 Pro
- Flexible suction hose or 20L hopper
- 15m airless hose
- Pressure gauge (equipped for HEA)
- Vector Pro 4-finger airless gun
- 517 Trade Tip 3
- Tool bag; incl. wrench 41mm/22mm/19mm and screw driver
