

## UK Ring Size Diameters

15.5mm

15.9mm

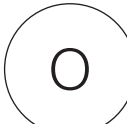

16.3mm

16.7mm

17.1mm

17.5mm

17.9mm

18.3mm

---

Print size is correct if this line measures 10cm

To ensure that you choose a ring of the correct size, please print this chart, ensuring that the print is scaled such that the 10cm line measures just that.

Then simply take a ring that you know fits you or the intended wearer and lay it over each circle until you find the best match - and that's your size!
