Thank you

Dear Sarah,

Thank you so much for raising funds to help the British Heart Foundation continue its vital work.

Your donation means that the BHF can fund [much needed research](#), provide information, support and care for heart patients and their families. Thank you for making a real difference.

Heart and circulatory disease is the UK's biggest killer, shattering thousands of lives all across the UK. Every penny we receive brings us closer to realising our vision of beating heart disease, and with your support the next big breakthrough could be just around the corner.

Once again, thank you for your support. It's only due to amazing supporters like you that we're able to continue the fight against heart disease.

With heartfelt thanks,
Mandi Pullen,
