TRAIL RUN GEAR SIMPLIFIED

DRY-FIT SHIRT + SHORT
SHOP APPAREL
Opt for moisture wicking, breathable clothing to help regulate body temp. & keep you dry during long hours of running. Consider layers to adjust to changing weather conditions. *Thermals

WIND BREAKER
SHOP APPAREL
If part of the compulsory kit a Seam-Sealed Jacket is most often required. Sealed seams adds to wind and rain protection.

TREK/RUN POLES
SHOP POLES
Poles take time to learn how to use efficiently, but will save your legs and help prevent falls when the going gets tough

WATER BLADER
SHOP BLADERS, BOTTLES, FLASKS
You will NEVER regret Anti-chaff. Sunscreen

HEAD LAMP SHOP HEADLAMPS
Running in low-light conditions or during the night. A Headlamp or flashlight is essential for visibility and safety. Ensure it has sufficient battery life.

RUNNING SHOES
SHOP SOCKS
EXPLORE TOPO SHOES

HYDRATION VEST OR PACK
SHOP APPAREL
Hydration is crucial. Carry a hydration pack/vest with a bladder or water bottles. Make sure it has enough capacity to sustain you between aid stations & water stops. Be familiar with storage and where your fuel & gear are kept, so you can access them fast.

FOOT & BODY CARE
SHOP BODY CARE
Practice your footling & know what works for you! There are plenty of choices. Be familiar with what will be available at aid stations - but carry enough with you regardless. You never know what might happen or how you might feel
