

# Banana Sugar Cookies

## INGREDIENTS

- 16 oz sugar cookie dough
- 3 bags of Supernola Banana Nut Crunch

## INSTRUCTIONS

1. Break up the bags of Supernola Banana Nut Crunch
2. Roll dough into balls according to instructions and then roll into crushed up clusters to cover the dough
3. Follow baking instructions on cookie dough

## What makes Supernola unique? Dehydration

- We have to break up the clusters here which is a little heartbreaking because we take so much time to make sure that they stay clusters!
- At Supernola, the flavors are bright, fresh and crisp. We don't bake, we dehydrate. This also means that the nutrients haven't been killed off because they haven't been exposed to high heat. We simply use warm air, and lots of air flow to take the water out of the product.
- Because we dehydrate, there's over half of a banana in each bag of Banana Nut Crunch!
