US Emergency Contact for PZ Cussons Beauty: Heather Dickerson
Telephone: T: 646.292.5311

Contact:

UK: Mark Crawley
US Emergency Contact for PZ Cussons Beauty: Heather Dickerson
Telephone: T: 646.292.5311
Address: PZ Cussons Beauty, 140 Broadway, Suite 2240, New York, NY 10005

1.1 Use of Product:

A skin preparation for leave-on application to the Face as a temporary skin colourant.

2. Hazards Identification

Concentrated product, do not ingest. Observe good house keeping practices.

The product poses no particular hazard to either man or the environment. The preparation is not classified as dangerous under Directive 67/548/EEC or 1999/45/EC. Does not contain EH40 regulated substances. Prolonged eye contact may cause eye irritation

Skin Contact: No known hazard

Ingestion: No known hazard

Inhalation: No known hazard

Safety Data Sheet

Date prepared: August 30TH 2019

Date revised:

3. Composition

Substance: A blend of skin care ingredients and other cosmetic ingredients to produce a skin colourant.

Containing emollients and other cosmetic ingredients... There are no ingredients classified in respect of health or environmental effects or that have Community workplace exposure limits.

CAS Number: not applicable, product is a mixture

EINECS: not applicable, product is a mixture

Ingredients:

Aqua

Dihydroxyacetone

Propanediol

Glycerin

PEG-40 Hydrogenated castor oil

Hydroxyethylcellulose

Phenoxyethanol

Betaine

Citrus nobilis fruit extract

Fructooligosaccharides

Sodium metabisulfite

Beta vulgaris root extract

Parfum

Ethylhexylglycerin

Propylene glycol dicaprylate/dicaprate

Prunus persica flower extract

Potassium lactate

Terminalia ferdinandia seed oil

Lactic acid

Hydrolyzed hyaluronic acid

Persea gratissima fruit extract

Sodium hydroxide

Sodium benzoate

Potassium sorbate

Citric acid

Hibiscus sabdariffa flower extract

Linalool

Limonene

Citronellol

Hexyl cinnamal

4. First aid measures

Inhalation: Not applicable

Safety Data Sheet

Date prepared: August 30TH 2019

Date revised:

Eye exposure: Rinse immediately with water for at least 15 minutes.

Contact physician if symptoms persist.

Skin exposure: No undue hazard.

Ingestion: Do not induce vomiting. Rinse mouth with water and obtain immediate medical attention.

Others: Take Risk and Safety phrases (section 15) into consideration.

Protection of First Aiders: No action shall be taken involving personal risk or without suitable training. It may be dangerous to the person providing First aid to give mouth to mouth resuscitation without proper protection.

Notes to Physician: No specific treatment, treat symptomatically. Contact Poison Centre immediately if large quantities have been ingested or inhaled.

5. Fire fighting measures

No known special requirements.

6. Accidental release measures

Personal precautions: No action to be taken involving any personal risk without suitable training. Evacuate surrounding areas. Wear appropriate personal protection.

Spillage: Clean up spillage promptly. Cover with an inert or non-combustible inorganic absorbent material, sweep up and remove to an approved disposal container. Observe local disposal regulations.

Environmental precautions: Keep away from drains, surface and groundwater and soil.

7. Handling and storage

Handling: Wear appropriate personal protective equipment. Do not ingest. Avoid release to the environment. Follow good manufacturing practices for housekeeping and personal hygiene. Wash any exposed skin immediately after contact, before breaks and meals and at the end of each work period. Do not re-use container.

Storage: Store in a cool dry, ventilated area away from heat sources. Keep containers upright and tightly closed when not in use. Do not store in unlabelled containers.

Fire Protection: no special precautions

8. Exposure Controls

Respiratory Protection: Not applicable

Safety Data Sheet

Date prepared: August 30TH 2019

Date revised:

Ventilation: Use local exhaust ventilation around open tanks and other open sources of potential exposures in order to avoid excessive inhalation, including places where this material is openly weighed or measured.

Hygiene Measures: For large quantities wear protective gloves. Wash hands, forearms and face thoroughly after handling, and before eating and drinking and using the lavatory and at the end of each working period.

Eye Protection: For heavy exposure, use tight fitting goggles, face shield or safety glasses with side shields if eye contact might occur

Skin Protection: For heavy exposure, avoid excessive skin contact.

Respiratory Protection: No respiratory protection is required during normal operations in a workplace where engineering controls such as adequate ventilation are sufficient.

Eye Protection: For heavy exposure, use tight fitting goggles, face shield or safety glasses with side shields if eye contact might occur

Skin Protection: For heavy exposure, avoid excessive skin contact.

9. Physical and chemical properties

Appearance: Clear, colourless, viscous liquid, to match standard

Odour: To match standard.

Colour: Clear, colourless.

pH: 4.00- 4.50

SG: 1.00 – 1.10

Viscosity: 12,000 – 16, 000 spindle 4 @ 5rpm@ 20C

Boiling point: not determined

Flashpoint: not applicable

Microbiology: < 100 cfu/g, no objectionable organisms

10. Stability and reactivity

Stability: The product is stable.

Reactivity: Presents no significant reactivity hazard, by itself or in contact with water.

Avoid contact with strong acids, alkalis or oxidizing agents.

Hazardous decomposition products: No data available

11. Toxicological information

Acute toxicity: Estimated oral LD50 3000 – 5000 mg/kg

Local effects: May cause slight, transient eye irritancy at full strength.

Chronic Toxicity: not available

Mutagenicity: not available

Carcinogenicity; not available

Teratogenicity: not available

Reproductive toxicity: not available

Safety Data Sheet

Date prepared: August 30TH 2019

Date revised:

Excessive exposure may affect human health as follows:

Eye contact: Transient eye irritant at full strength

Inhalation/ingestion: No known hazards

12. Ecological information

No specific ecotoxicologic data and /or biodegradation data has been determined for this product.

All of the main components are considered to be biodegradable.

13 Disposal Considerations

Prevent contamination of soil, ground and waters. Do not dispose of into the environment or sewerage. The product and its container should be disposed of according to local regulations, via a licensed waste disposal contractor.

14. Transport information

Not dangerous product for Transport Regulations.

15. Regulatory information

Classification and Labelling according to 1999/45/EC

Non Hazardous Product

Hazard Symbol: n/a

Risk Phrases: n/a

16. Other Information

Cosmetics Regulations Restrictions may apply.

The information on this Safety Data Sheet was obtained from current and reputable sources. However the data is provided without warranty, expressed or implied, regarding correctness or accuracy. It is the user's responsibility to assume liability for loss, injury or damage, or expense resulting from improper use of this product.
