The Revive Line 7 Kit Regimen

I'm so excited for you to experience the Revive difference!

I was asked by current clients to create a line of products specifically to support skin as it ages.

I formulated the Revive line with the help of Divine guidance during meditation.

I asked what did the Divine want to express through natural ingredients the best she has to offer to aid in helping skin look and feel it's best as it matures.

The answer was rose essential oil paired with high performance botanicals and herbal infused oils.

Prior to the creation of The Revive line I had not worked with rose essential oil due to it's high price point but I trusted the desire of the Divine coming though.

The formulation was a directly inspired by the Divine and the ingredients used are proven to hydrate the skin without clogging the pores, and give you the youthful glow and softness your skin craves as it matures.

This line of seven products is designed to work synergistically, delivering remarkable results that build upon each other. The Revive Line offers a holistic approach to skincare that is both effective and gentle.

To get the best results follow the protocol below and don't use other products or brands.

EVENING REGIMEN

Step #1 - MAKEUP REMOVAL

If you wear makeup take it off with olive oil or coconut oil. Yes...I said olive oil or coconut oil. These oils will easily remove makeup. They're so gentle on your skin and won't clog your pores.

Mass produced makeup removers and sheets are loaded with skin irritating chemicals and fake fragrances.

Start with a dime size amount of oil in your clean hands. Rub hands together and gently massage into your skin. If you wear mascara and eye makeup, gently rub over eyelashes & eyes.

Remove oil with a tissue or paper towel.

Step #2 - THE REVIVE FACE WASH

Rinse face with warm water.

Gently shake the Revive Face Wash bottle. Pump 2 pumps into your clean hands.

In a circular motion, massage the Revive Face Wash all around your face, eyelids, under your chin, and don't forget your neck & chest.

Rinse off with warm water. You can also use a washcloth or soft facial brush to

help rinse off the face wash.

If you wear a lot of makeup you might need to cleanse again.

Step #3 - THE REVIVE ROSE TONER

Gently shake the Revive Rose Toner bottle. Close your eyes and spray once or twice all over your face, under chin, neck & chest.

Don't rinse off.

Step #4 - THE REVIVE FACIAL CRÈME

Start with a dab of the Revive Face Crème, a little goes a long way/.
Massage into your face, including your eyelids, neck & upper chest.
Allow a moment for your skin to soak it up.

MORNING REGIMEN

Step #1 - PREP SKIN

There's no need to cleanse your face again if you did it the night before.

Just rinse your face with warm water.

However if you feel you need to cleanse again, then do so.

This is your regimen so do what feels right for your skin.

Step #2 - THE REVIVE ROSE TONER

Gently shake the Revive Rose Toner bottle. Close your eyes and spray
once or twice all over your face, under chin, neck & chest.

Don't rinse off.

Step #3 - THE REVIVE FACIAL SERUM

Gently shake the Revive Facial Serum bottle. Place 3-4 drops in the palms of your
clean hands and gently press into your face, under your chin, and neck.

If you plan on applying makeup wait at least 5 minutes for the serum
to soak in.

Step #4 (optional) - THE REVIVE FACIAL CRÈME

If you have very dry skin apply a small amount of The
Revive Face Crème on top of the serum. Allow it to soak in
for at least 5 minutes before applying makeup.

WEEKLY SPA TREATMENT

The spa treatment offers deep, yet gentle, cleansing for your skin to remove dead skin cells, residual dirt, environmental toxins, impurities, and makeup that lay in your pores.

It also helps the daily Revive products work more effectively.

It's easy, relaxing and only takes about 20 minutes of your time.

Make it a weekly Sunday night ritual to take your beautiful skin to the next level of hydration!

If making a weekly spa treatment seems stressful do your best. A once-a-month treatment is beneficial to keep your skin looking and feeling it's best!

3 - THE REVIVE FACIAL SCRUB

Over a sink splash your face with warm water.

Put about a dime size amount of the Revive Facial Scrub in your palms.

With your fingertips gently massage the scrub into your skin, under your chin, neck, and chest. Massage until the granules dissolve.

Rinse off with warm water.

4 - THE REVIVE FACIAL MASQUE

Paper bowl or glass/ceramic bowl

Plastic spoon

1 - 1 1/2 tsp. of The Revive Facial Masque

1/4 tsp. - 1/2 tsp. any of the following “wet” ingredients: mashed banana, mashed avocado, yogurt, cream, milk, aloe vera juice, coconut milk, oat milk, or water

Mix the dry masque, using a plastic spoon, with the ingredient you chose in a paper bowl or glass or ceramic bowl. Do not use a metal bowl or spoon as it affects the properties of the clay.

Mix until a spreadable paste forms. If it’s too watery add a little more clay.

If it’s too thick add a little more “wet” ingredient.

The masque should easily spread onto your skin without it dripping.

Spread evenly all over your face, neck and upper chest, avoiding eyes.

Allow masque to dry until it begins cracking.

Use a dark colored washcloth and warm water to rinse off the masque once it has dried. Or rinse it off in the shower.

5-THE REVIVE ROSE TONER

Gently shake the Revive Rose Toner bottle. Close your eyes and spray once or twice all over your face, under chin, neck & chest.

Don't rinse off.
