KingCamp's global distribution system can be found in 46 countries, and is rapidly expanding. Countries include, USA, UK, Canada, Germany, France, Spain, Italy, Australia, New Zealand, Russia, China, Japan, Korea, Bhutan, Nepal, Indonesia, India, Mongolia, Ukraine, Belarus, Poland, Czech Republic, Greece, Finland, Denmark, Iceland, Ireland, Malta, Chile, Peru, South Africa, five Central African countries, Saudi Arabia, Lebanon, Isreal and more.

GLOBAL DISTRIBUTION

BRAND STORY

Founded in 2002, KingCamp® brand has become one of the professional brands in the manufacturing and distribution of outdoor gears in more than 46 countries worldwide, providing excellent products aimed at satisfying the needs of our clients and their relationship with nature.

KingCamp® is not only a brand, but also a concept which reflected in the design and function of products to serve the comfort, needs, and security of our clients while respecting the environment. KingCamp® is not only a brand, but also represents a kind of healthy and advanced lifestyle guiding people to enjoy new outdoor experience and define new outdoor life.

KingCamp® develops continuously a wide range of products covering outdoor activities of camping, hiking, travel, and leisure. Each product design is based on the specific requirements of our clients and the comments from our testers who use the products in extreme outdoor conditions. KingCamp® incorporates advanced technology in machinery, manufacturing techniques and materials to produce the item which are subject to our strictest quality control.

KingCamp® works with famous European designers to guarantee our products always in the world-class level and in the same step of design trends in outdoor developments worldwide.

PATENTS

TENT DOOR AND WINDOW DESIGN

Utility Patent

The tent door includes a waterproof layer and a mesh layer. With the waterproof layer inside and the mesh layer outside, the structure can ensure the waterproof layer can be operated without going outside when it rains.

THREE ZIPPERS, INSULATED SLEEPING BAG SYSTEM

Utility Patent

The sleeping bag features 3 zippers to allow for easy adjustment. Enabling customizable ventilation depending on the user's preference to ensure maximum comfort.

MULTI-FUNCTION STORAGE

Utility Patent

This Multi-functional luggage integrated storage, trolley and a folding table all into one. Store, transport and use without having to carry too much, greatly saves on space.

ASSEMBLED ROTATING SEAT

Utility Patent

Using a tilt-mounted lever as the main structure to evenly distribute the weight between the upper and lower forks, to ensure durability, the chair functions as a rotating chair without the complex installation process.

MATERIALS

HIGH-QUALITY AVIATION ALUMINUM NATURAL BAMBOO TABLETOP

The best aluminum alloy commonly used in aerospace equipment, with incredible durability without adding weight.

WATERPROOF AND WINDPROOF FABRIC

The new functional textile fabric is made up of polymer waterproof and breathable materials and fabrics. It has the advantages of waterproof, windproof and breathable, and is widely used in the ever-changing outdoor environment.

LIGHTWEIGHT RIP PROOF FABRIC

Effectively improve tear resistance and tensile strength to meet the needs of high-intensity outdoor sports.

NATURAL BAMBOO TABLETOP

Eco-friendly, heat-resistant, anti-oxidation, high wear resistance, rugged, dense and stable.

OUR HONOR

reddot design award
winner 2019

THE RED DOT AWARD PRODUCT DESIGN 2019

Ultra-Light Folded Hammock Stand

Reason for the award

The product can satisfy the strict criteria of the jury bears testimony to their award-winning design quality. The laureates are thus setting key trends in the design industry and are showing where future directions may lead.

CHINA OUTDOOR INDUSTRY ANNUAL AWARDS 2018

KingCamp Portable Single Chair

Reason for the award

Inspired by the flexibility of a telescope, the structure adopts a telescopic Pole. The aluminum link head combined with the High-Quality Aviation Aluminum tubing allows the chair to withstand up to 80kg in weigh. The Slip-Resistant foot cover increases friction with the ground to ensure maximum safety.

ADI COMPASSO D'ORO INTERNATIONAL AWARD 2017

Outdoor Camping Folding Ultra-Light Bed

Reason for the award

Specially-designed bed frame support system that evenly distributes weight across the frame to ensure max. comfort coupled with removable aviation aluminum structuring, the bed is resistant towards everyday wear and tear and can bear up to 100 kgs while weighing at only 2 kg.

ISPO AWARD 2016

Bamboo Folding Table

Reason for the award

Natural and Eco-friendly bamboo tabletop. Four-fold folding storage system, the area after the storage is only 1/4 of the entire tabletop. Table legs with a trekking pole expansion system, free to adjust the height.

OUR HONOR

ISPO AWARD 2016

Ultra-Light Folded Hammock Stand

Reason for the award
The backrest has a 15° elevation angle adjustment range to suit different needs. The Pole and the cloth cover are designed separately, the volume is small after being disassembled and folded, which is convenient to carry and durable.

CHINA OUTDOOR INDUSTRY ANNUAL AWARDS 2015

Ultra-Light Aluminum Swivel Chair

Reason for the award
Pole made of aviation aluminum tube, ultra-light and sturdy, self-weight 1.2KG can hold up to 100KG. The Pole and the cloth cover are designed separately, and the volume is small after being disassembled and folded, which is convenient to carry and durable.

CHINA OUTDOOR INDUSTRY ANNUAL AWARDS 2014

Multi-Purpose Camping Gear Box

Reason for the award
The folding of outdoor furniture is maximized, and the storage box, tabletop, table legs, tug, and tie rods can be folded, maximizing the small volume after being stowed and the large use after deployment.

2013 ASIA OUTDOOR INDUSTRY AWARD

Bamboo Barbecue Table

Reason for the award
The table legs are gray anodized to avoid scratches. The windshield is fixed on the tabletop with a suction cup for easy plane movement. Rotary folding, compression storage, the whole product can be stored under the table. Multi-layer storage bin, door curtains on both sides and lined with gauze for a clean and tidy outdoor storage space.

KL2305

Specification
 Light body materials: iron & ABS
 Light source: lamp bead, filament
 Brightness: ≤230LM
 Battery: 5,000mAh
 Charging input: 5V 1.0A
 Max power: 4W
 Charging time: 6h
 Duration: 6~24h
 Gross weight: 700g
 Net weight: 600g
