

Variable Pizza Pi

BEFORE YOU BEGIN

Prep time: 15 minutes

Cooking time: according to package directions (about 10 minutes)

Total time: 25 minutes

Oven temperature: 425° Fahrenheit

Yield: 1 Variable Pizza Pi

Difficulty: medium

TOOLS

Large spoon

Pizza stone or round pizza pan

Pizza cutter

INGREDIENTS

1 round, premade pizza crust

About 1/3 cup pizza or tomato sauce

Grated mozzarella cheese

Variable ingredients, such as:

- Paradise Pizza: Ham, canned pineapple chunks, and unsweetened shredded coconut
- Deliciously Fishy Pizza: Flaked tuna fish and fresh tomato cut into wedges
- Sweet and Spicy Pizza: Spicy salami and sweet gherkin pickles, sliced

INSTRUCTIONS

- 1 Ask an adult to preheat the oven according to the directions on the pizza crust package.
- 2 Unwrap the pizza crust and place it on the pan.
- 3 Spread the pizza sauce onto the crust using the back of a large spoon.
- 4 Choose one set of the pizza toppings from the list or make up your own. (In Variable Pizza Pi, the toppings are variables because you can change them each time you make the recipe.) Arrange the toppings on the crust.

- 5 Sprinkle grated mozzarella cheese over everything.
- 6 Before you bake your pizza, follow the instructions in the next section to measure the circumference and diameter.
- 7 Have an adult put the pizza into the oven. Bake the pizza according to the package directions. While you wait for the pizza to bake, figure out your pie's pi.
