

# Building Confidence

## A Closer Look

1. How do **you** learn something new?
2. Look at the pictures in the story again.  
When did Ajay feel sad? How can you tell?  
Why was he sad?
3. When did Ajay feel happy? How can you tell?  
Why was he happy?
4. How do you help a friend who thinks something is too hard to do?
5. Draw a picture. Show how you feel when you have learned something new.
