2.0.0 (1.0.0)

SECTION 4: First aid measures

4.1 Description of first aid measures

General information

When in doubt or if symptoms are observed, get medical advice.

Following inhalation

Remove casualty to fresh air and keep warm and at rest. In case of respiratory tract irritation, consult a physician.

In case of skin contact

Remove mechanically (e.g. dab away using wadding or cellulose material) then thoroughly wash the affected skin with a mild cleansing agent and water. In case of skin irritation, consult a physician.

After eye contact

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist.

After ingestion

Rinse mouth thoroughly with water. Do NOT induce vomiting.

4.2 Most important symptoms and effects, both acute and delayed No information available.

4.3 Indication of any immediate medical attention and special treatment needed None

SECTION 5: Firefighting measures

5.1 Extinguishing media

Water Foam Extinguishing powder Carbon dioxide (CO2)

- 5.2 Special hazards arising from the substance or mixture
 - In case of fire may be liberated: Carbon monoxide Carbon dioxide (CO2)

5.3 Advice for firefighters

In case of fire: Wear self-contained breathing apparatus.

5.4 Additional information

Do not inhale explosion and combustion gases. Do not allow run-off from fire-fighting to enter drains or water courses. Remove heat to avoid pressure rise.

SECTION 6: Accidental release measures

6.1 **Personal precautions, protective equipment and emergency procedures** Wear personal protection equipment (refer to section 8).

6.2 Environmental precautions

Do not allow to enter into surface water or drains. Consult the appropriate authorities about waste disposal.

- 6.3 Methods and material for containment and cleaning up Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents). Clear spills immediately.
- 6.4 Reference to other sections SECTION 8: Exposure controls/personal protection Disposal: see section 13

SECTION 7: Handling and storage

Trade name :	BluescreenPaint		
Revision date :	03-06-2021	Version (Revision) :	2.0.0 (1.0.0)
Print date :	10-06-2021		

7.1 Precautions for safe handling

Protective measures

Wear personal protection equipment (refer to section 8). Keep the packing dry and well sealed to prevent contamination and absorbtion of humidity.

7.2 Conditions for safe storage, including any incompatibilities Technical measures and storage conditions

Keep/Store only in original container. Ensure adequate ventilation of the storage area. Recommended storage temperature Keep away from UV-radiation/sunlight Avoid: Frostbite

7.3 Specific end use(s)

Recommendation

Observe instructions for use.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

None

8.2 Exposure controls

Appropriate engineering controls

Technical measures and the application of suitable work processes have priority over personal protection equipment.

Personal protection equipment

Eye glasses with side protection DIN EN 166

Skin protection

Hand protection

Breakthrough time (maximum wearing time) Thickness of the glove material Suitable material NBR (Nitrile rubber) **By short-term hand contact** : In the case of wanting to use the gloves again, clean them before taking off and air them well.

Suitable material : NBR (Nitrile rubber)

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Odour characteristic Odour threshold No data available

Appearance : Colour : PCN Colour : Odour :	Liquid blue blue odourless			
Safety charact	teristics			
Freezing point :		(1013 hPa)	not determined	
Initial boiling point and boiling range :		(1013 hPa)	not determined	
Decomposition temperature :		(1013 hPa)	not determined	
Flash point :			not relevant	
Auto-ignition temp	erature :		not relevant	
Lower explosion li	mit :		not relevant	
Upper explosion limit :			not relevant	
Vapour pressure :		(50 °C)	not determined	
Density :		(20 °C)	1,2	g/cm ³

Trade name : Revision date : Print date :	Bluescre 03-06-20 10-06-20	021		Version (Re	vision) :	2.0.0 (1.0.0)
Solvent separat	tion test :	(20 °C)		not determined		
Water solubility	y:	(20 °C)		not determined		
pH :				8 - 8,4		
log P O/W :				not determined		
Flow time :		(20 °C)		not determined		DIN-cup 4 mm
Viscosity :		(20 °C)		No data available		
Odour threshol	d :			not determined		
Evaporation rat	te :			No data available		
Maximum VOC	content (EC) :		<	1	Wt %	
Oxidising liquid	ls :	Not relevant.				
Explosive prope		Not relevant.				
9.2 Other inform	ation					

None

SECTION 10: Stability and reactivity

10.1 Reactivity

This material is considered to be non-reactive under normal use conditions.

10.2 Chemical stability

The mixture is chemically stable under recommended conditions of storage, use and temperature.

10.3 Possibility of hazardous reactions

No known hazardous reactions. 10.4 Conditions to avoid

No data available

- **10.5 Incompatible materials** No data available
- 10.6 Hazardous decomposition products

No known hazardous decomposition products.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Respiratory or skin sensitisation

May cause an allergic skin reaction.

CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)

The ingredients in this mixture do not meet the criteria for classification as CMR category 1A or 1B according to CLP.

11.2 Toxicokinetics, metabolism and distribution

No data available 11.4 Other adverse effects

There are no data available on the preparation/mixture itself.

SECTION 12: Ecological information

12.1 Toxicity

No information available.

12.2 Persistence and degradability

The single components are biodegradable.

Trade name :	BluescreenPaint		
Revision date :	03-06-2021	Version (Revision) :	2.0.0 (1.0.0)
Print date :	10-06-2021		

12.3 Bioaccumulative potential

Mixture not tested.

12.4 Mobility in soil No data available

12.5 Results of PBT and vPvB assessment

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII. The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.

12.6 Other adverse effects

No information available.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

The allocation of waste identity numbers/waste descriptions must be carried out according to the EEC, specific to the industry and process. Dispose according to legislation.

SECTION 14: Transport information

14.1 UN number

No dangerous good in sense of these transport regulations.

- 14.2 UN proper shipping name No dangerous good in sense of these transport regulations.
- 14.3 Transport hazard class(es)

No dangerous good in sense of these transport regulations.

14.4 Packing group No dangerous good in sense of these transport regulations.

- 14.5 Environmental hazards No dangerous good in sense of these transport regulations.
- 14.6 Special precautions for user

SECTION 15: Regulatory information

^{15.1} Safety, health and environmental regulations/legislation specific for the substance or mixture

None

15.2 Chemical safety assessment No information available.

SECTION 16: Other information

16.1 Indication of changes

02. Label elements · 02. Labelling according to Regulation (EC) No. 1272/2008 [CLP] · 03. Hazardous ingredients

16.2 Abbreviations and acronyms

16.7 Additional information

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.
