(Opposite Old Bondstreet.)

A GOOD ARTICLE AT A FAIR PRICE IS THE TRUEST ECONOMY.

CARR'S PATENT (Stamped Quality) Ladder Tapes are made only from the very best material. They last much longer than the cheaper kinds, and are in all respects far superior to the many imitations which are now being offered for sale. The only sure guarantee for getting the right make is to see that the name "CARR'S" is stamped on one of the interwoven cross tapes in each yard.

Ask for "CARR'S" stamped quality Ladder Tape.

Caution. Its great popularity has led to a flood of imitations similar in shape, but vastly different in quality. To avoid disappointment, purchasers should see that each block bears the words "JAMP" and "DOME."—The word "DOME" is a Trade Mark, and must not be applied to any other Black Lead than that manufactured by

Special Notice.—

In the HARDEN "STAR" HAND GRENADE FIRE EXTINGUISHER the whole of the Extinguishing Liquid is expended in the Fire itself, there being no loss in delivering it from the Hand, an important and distinctive advantage over other so-called Hand Fire Extinguishers.

## ジャンク (pt-1) (pt-2)

世界中の蚤の市やハウスオークション、アンティークショップなどで見つけた、  
たくさんのヴィンテージやアンティークの品々 ...

ゴールデンエイジと呼ばれるアメリカの 50 年代に作られたもの、  
40 年代後半から 50 年代のヨーロッパのもの、日本の 60 年代、70 年代のもの ...

機能性を重視したデザインである一方で、常識を覆したものもあります。  
表面の小さな傷や、歪んだ形が魅力的。だから古いものは人を惹きつけるんです。

JUNK (pt-1) では、ヴィクトリア朝の要素を取り入れています。

JUNK(pt-2) では、カトラリーや鍵がモチーフになっています。

これらのシリーズは、古いものから新しいものへ、安いものから高いものへなど、  
さまざまな価値観を組み合わせた

「混沌とした美の創造」というコンセプトに基づいています。

## Junk (pt-1) (pt-2)

A lot of vintage and antique items found in flea markets,  
house auctions and antique shops around the world...

Items made in the 50's in America, known as the Golden Age,  
European items from the late 40's and 50's, Japanese items from the 60's and 70's...

Some are designed with functionality in mind, while others defy the norm.

The small scratches on the surface and the distorted shapes are fascinating.

That's why old things are so attractive to people.

In JUNK (pt-1), we have incorporated Victorian elements.

In JUNK (pt-2), the motifs are cutlery and keys.

These series are based on the concept of "creating chaotic beauty,  
combining different values: from the old to the new, from the cheap to the expensive.
