There is much confusion today about what it means to be a person made in the image of God. The world is redefining everything, but the truth of God and His Word never changes. In this study we'll look at some of the big issues of our day surrounding men and women, but instead of listening to what the world is saying, we'll keep our focus on God and what He is saying. These lessons will lay a foundation for continuing conversations between parents (and teachers) and children as they see the huge divide between the world's message and God's message.

Unit 5 completes the **52-week study of the Big Truths of the Bible**. In this unit, students will focus on the doctrines of **salvation** (soteriology) and the **church** (ecclesiology). As they look at salvation, they will see what the Bible says about election, faith, belief, righteousness, justification, sanctification, and the truth that salvation is through Jesus alone. In the second part of the unit, students will uncover Biblical teaching on the church; what a church is, what a church does, symbols of the church and how the church grows through evangelism. This unit is an excellent cap to the study we've been working through all year as the truths students have already learned about God, man, Jesus, and the Holy Spirit are come together to make sense of salvation and the church.

“Honor Your Mom” is a stand-alone Mother’s Day lesson for Sunday School or children's ministry. In this Mother's Day Bible lesson, children will learn about several Biblical moms, with a focus on the story of Ruth. They'll see how Ruth honored God by honoring her mother-in-law, and they'll see how as the great-grandmother to King David, Ruth became one of the few moms listed in Jesus’ family tree.

Children will also focus on the 5th commandment and talk about what it means to honor their mother, thank God for the gift of moms and make something they can give their mom for Mother’s Day. Most importantly, in this lesson, children will see that God’s children are called to obey Him, and one way we can obey God is by honoring our parents, while also seeing that on our own we cannot obey God. We need Jesus to help us obey and honor our moms!

“The Greatest Dad” is a stand-alone Father’s Day lesson. In this lesson, children will see the failure of several Biblical dads, while focusing in on the goodness of God the Father. The main text for the week is the genealogy of Jesus from Luke 3, focusing on the final line, “the son of God,” showing how Jesus is the Son of God, not the son of Joseph. While walking through this genealogy, kids will be reminded of several fathers in the genealogy and what we know about them as fathers from the Bible.

In small groups, kids will get a chance to review what it means that Jesus is the Son of God and how all who follow Jesus can turn to God as their Father. They’ll also have a chance to thank God for their earthly fathers (who hopefully point them to God the Father) and make something they can give to their dads for Father’s Day.
