

Onsite

SHREDDING

Collection

Lockable containers or sealable bags are supplied before collection. We also shred boxed or palletised material. Collections can be made as a one off service or scheduled basis.

Security Vetted Staff

A mobile shredding vehicle, with our uniformed, DBS checked security vetted staff will come to your premises and collect the confidential material from the secure containers provided or from areas indicated.

Onsite Shredding

The documents are securely transported to our mobile shredding vehicle on your premises; the data is shredded on our custom built on-site shredding vehicles into an unidentifiable end product.

Capacity

With the capacity to shred at a speed in excess of 3 tonnes per hour, the technology onboard our vehicles deliver a fast and efficient service.

THAT'S ROUGHLY SEVEN
AND A HALF CARS

All shredded material is cross
cut shredded to the current
European Standard (EN15713).

Certificate of Destruction

A Certificate of Destruction and Waste Transfer Note are issued, confirming the safe destruction of your confidential waste in compliance with the Data Protection Act. Giving a complete Audit Trail.

*You are
welcome to
observe the
shredding if
required.*

*The shredded
material is removed
from site, baled at our
depot and sent to a
UK mill for recycling
into tissue related
products.*
