WELCOME TO THE WOODEN FLOOR EXPERIENCE

First thing people notice when they walk into a room is the floor. No other natural element is as welcoming and inviting as wood. It is eye-catching and warm. A wooden floor is the perfect way for anyone to experience pure nature. Wood is vigorous, stylish and full of life.

ABOUT US

COVENTINO™ Premium Wood Flooring was created for those who believe in pure art used in ways that will accomplish the ideal balance between classic beauty and modern living. With over 10 years in the engineered flooring industry, COVENTINO™ Premium Wood Flooring is manufactured with the most advanced technology around the world, gathering top of the line products from countries like Brazil, Canada and Italy, among others. Each COVENTINO™ Premium Wood

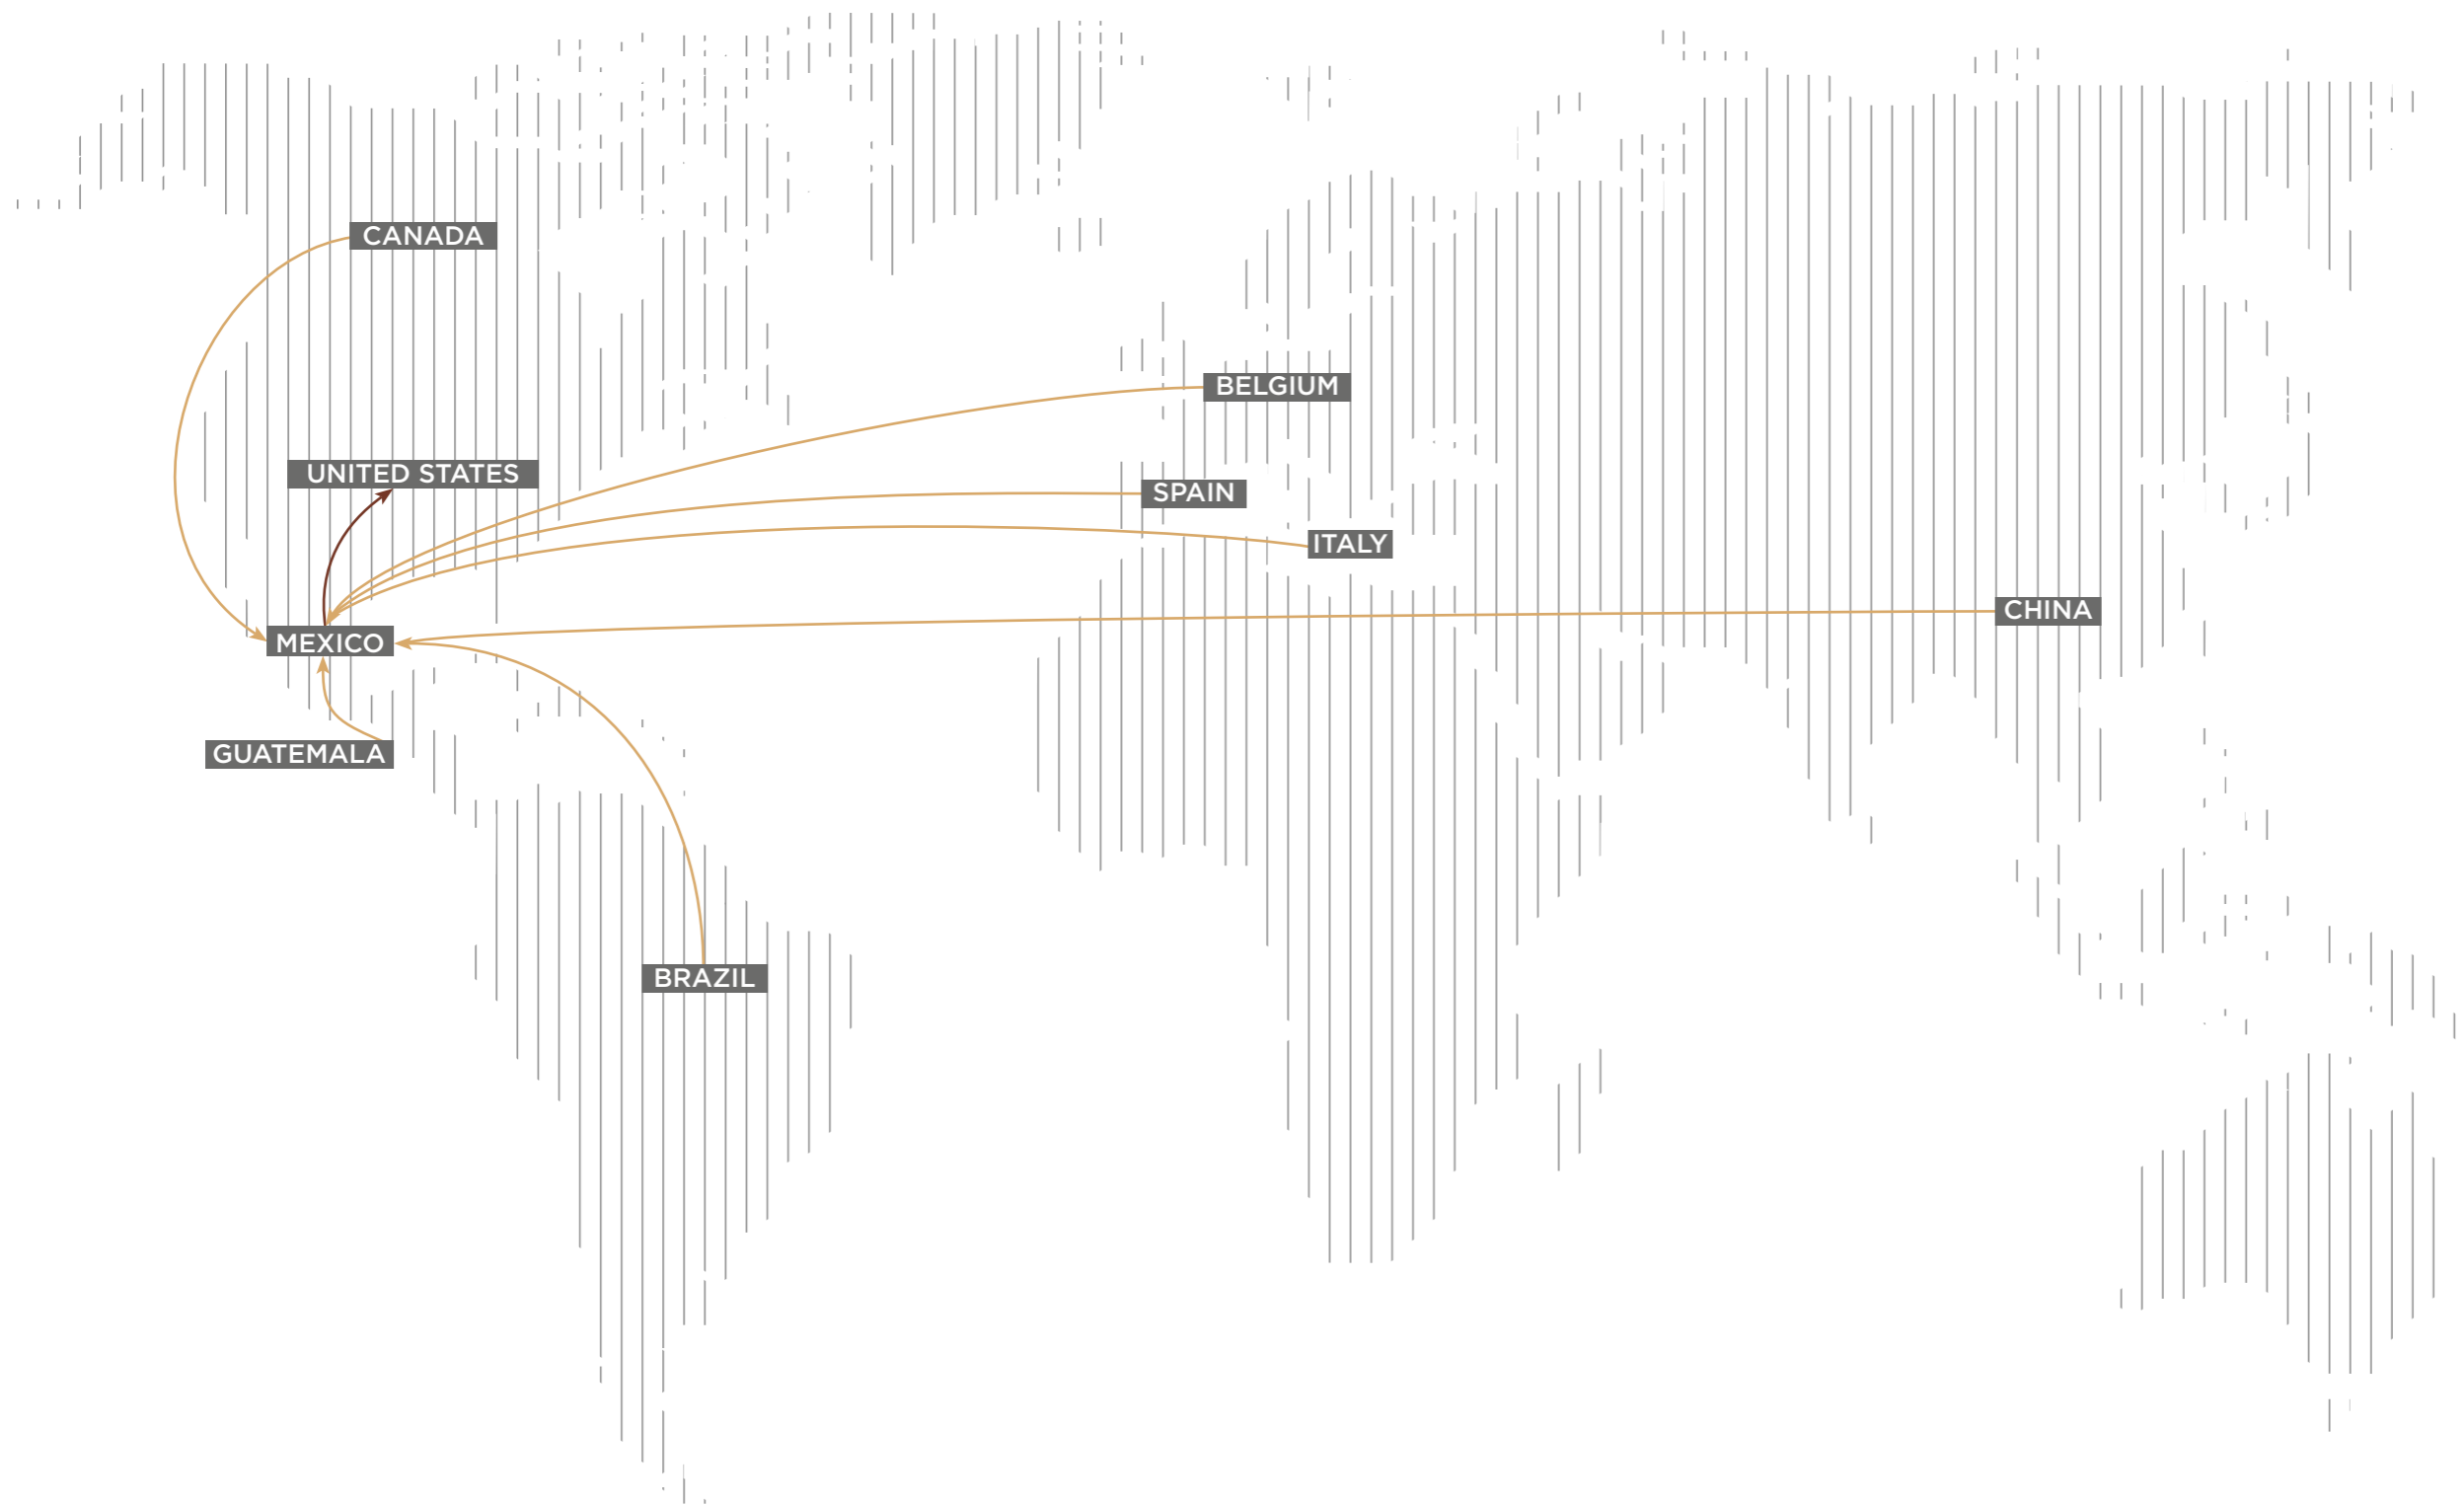

Flooring product is hand crafted by highly trained and qualified artisans who dominate the collection's wood species which include oak, walnut, larch and maple. COVENTINO™ Premium Wood Flooring focuses in using texturing and coloring techniques to highlight the wood's natural beauty. In all of our production processes, special attention is given to the environmental concerns to ensure our clients the highest quality products.

As mentioned before, the origin of our woods is diverse; we have searched thoroughly to bring only the best from each place.

Woods are shipped to us from Belgium, Brazil, Canada, China, Guatemala, Italy and Spain. We distribute them through Mexico and the United States, after carefully evaluating them to ensure the delivery of only high quality produce.
