AFRICAN DREAM FOODS
BRINGS ALL-NATURAL
SAUCES AND SEASONINGS
FROM AFRICA TO THE
WORLD

ABOUT US

African Dream Foods
is a purpose-driven food
brand with a mission to
provide delicious products
from Africa to the world while
giving back to wildlife conservation
organizations.

Our sauces and seasonings are made from hand-picked produce sourced directly from small farms in South Africa and our products are all-natural, vegan, gluten-free, and do not contain artificial colors, flavors or preservatives.

We feature the region's wildlife on each product label to inspire citizens of the world to see the beauty in African animals.

We believe that anyone can play a small part to prevent endangered species from becoming extinct in the wild.
