ASE MCOM1 GO KITS

The MCOM1 i75/i55/i75A Series are compact, ruggedized Fly Away Iridium 'Go Kits' in a Pelican 1550 hard case.

Kits are available for the following Iridium handsets:

- The MCOM1 i75 is designed around Iridium's Extreme 9575 handset.
- The MCOM1 i55 is designed around Iridium's 9555 handset.
- The MCOM1 i75A is designed around General Dynamics/Iridium's 9575A.

GO KITS FOR IRIDIUM HANDSETS

The Iridium Extreme 9575 (shown) is the most rugged handset in Iridium's ecosystem. Iridium Extreme® combines market-leading toughness with an unmatched feature set including location awareness and a fully integrated SOS button with emergency response service — all in one compact handset.

The Iridium 9555 is compact, light, and easy to use right out of the box. It's engineered to withstand rugged environments and connected to the only truly global mobile network — so you can depend on it as a communications lifeline whenever and wherever it's called for.

The 9575A Satellite Phone offers proven reliability and industrial-grade design for use throughout the globe by the most demanding government customers.
