

INTRODUCING OUR ALL NEW SMARTWAND PIVOT IRRIGATOR GATE

Features:

- A smart and simple solution to pivot irrigator gateways
- Entire body is live – nothing to snap, crack or pop off
- Flexible SmartWand – 1 metre long
- Irrigator wheel moves easily through wands which spring back after pivot passes
- Electrified with unique SmartInsulator™ system
- Super tough insulator – great tracking with slimline design
- Easy secure install – insulator locked down with industrial screw
- 10 year warranty on SmartInsulators™
- See our website for installation videos
