ABATURE

A restorative, antioxidant-rich treatment that uses cooling stones and healing botanicals to soothe, rehydrate, and repair sun-exposed lips.

POST-SUN LIP RECOVERY TREATMENT

Soothe, repair, and rehydrate sun-exposed lips with this restorative, antioxidant-rich treatment. Cooling stones are used to gently massage a vitamin-infused serum that calms irritation, replenishes moisture, and supports natural collagen repair. The treatment concludes with a nourishing lip butter enriched with elderberry extract, red algae, and Vitamin E—powerful actives that soothe redness, protect against further damage, and aid the skin's natural healing process.
